62 PINK PEACE ROSE

Plant Patent No. 1759

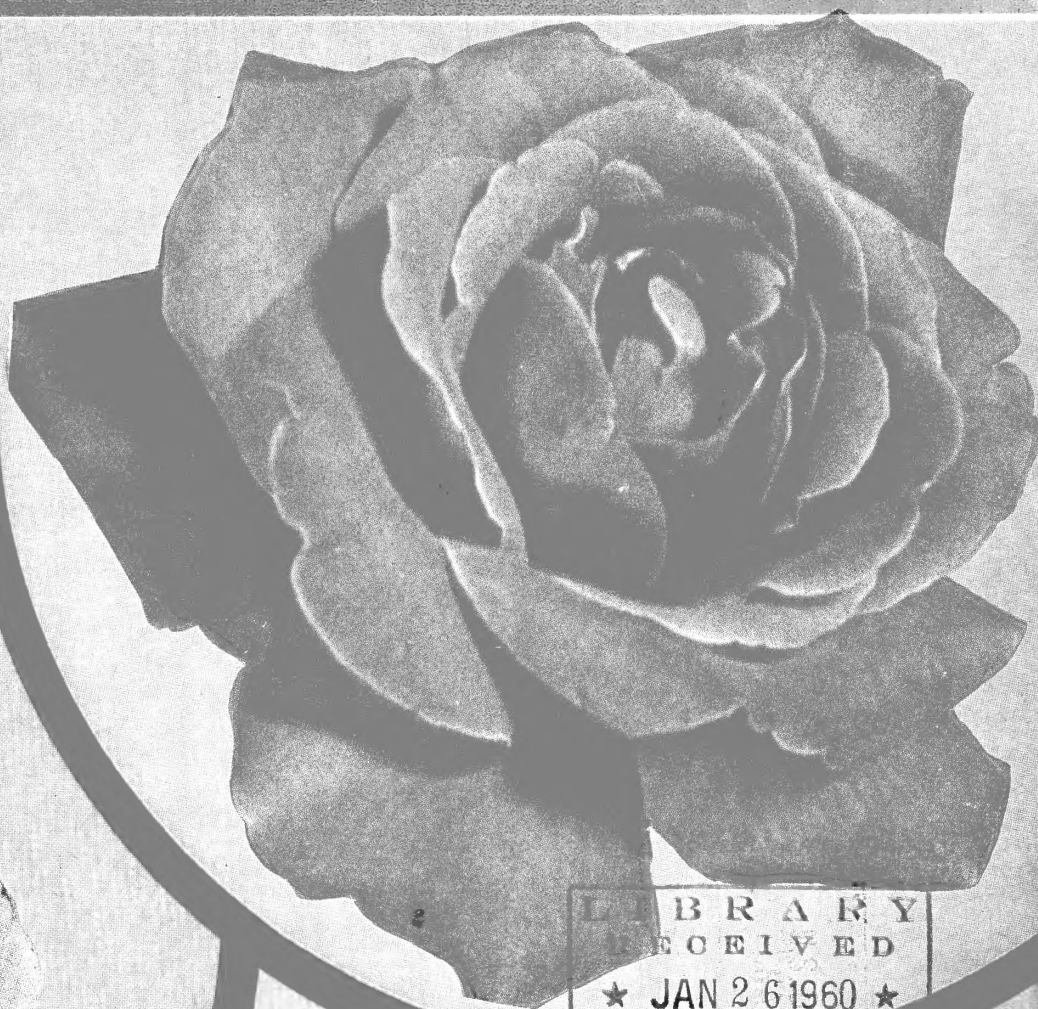

Pink Peace is a remarkably fine new Rose; deep dusty pink with huge, luminous, fragrant blooms six inches across, borne on long, sturdy stems. Very double and full cupped. Price: \$3.00 each; 3 for \$7.95.

This variety can also be purchased in the money-saving Rose collection. See page 32.

BLUEBIRD ALTHEA

Plant Patent No. 1739

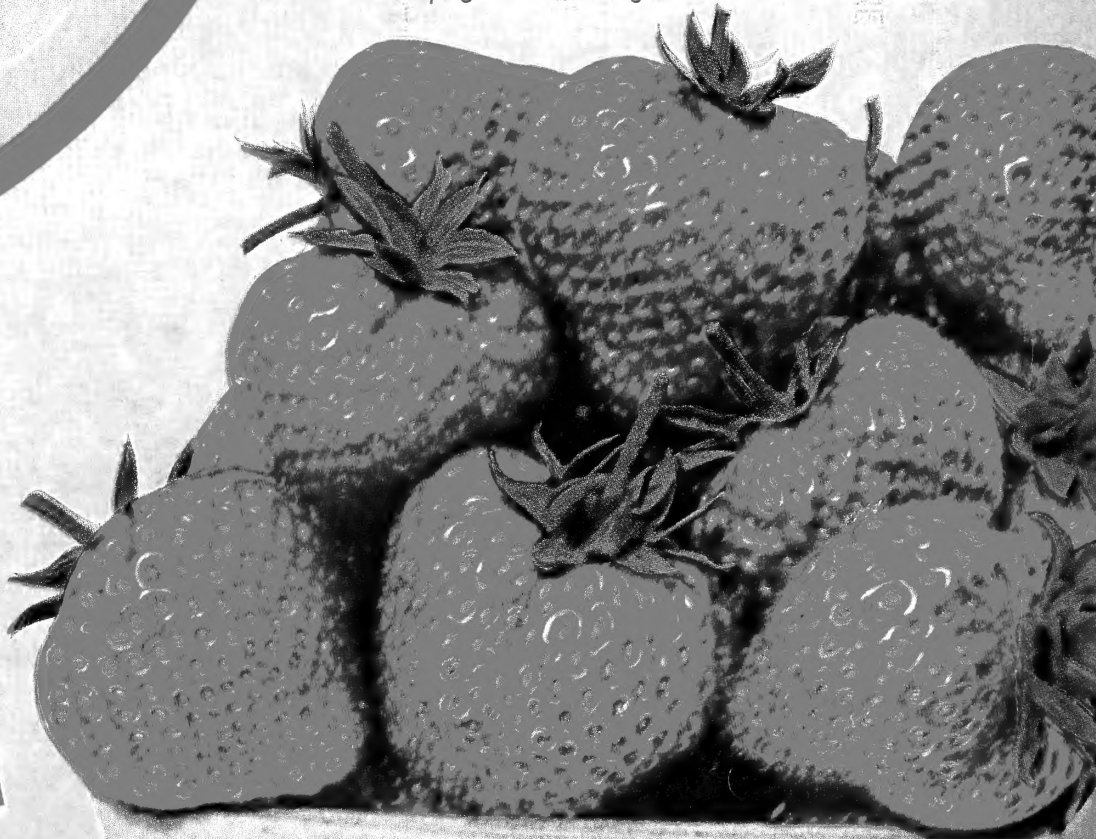

Bluebird Althea is a newcomer to the colorful, all summer flowering shrubs, to which its large 5-inch blooms will give additional beauty. The foliage also is attractive; vigorous in growth. See page 31 for price and other information.

Bunting Presents this 1960 Book Cataloging the Finest Nursery Grown Products

OUR NURSERY STOCK GUARANTEE— OUR PLANTS GROW

We are proud of our reputation for shipping quality plants and guarantee our plants to grow, if promptly planted and cared for. All we ask is that you follow the instructions outlined below. Many unnecessary planting failures may be easily eliminated by taking proper care. If you feel any loss was due to poor quality plants, please return your copy of the order stating item which failed to grow. This must reach us before August 1st. We will replace at the next planting season for the particular variety of plant lost and charge you only for the postage necessary for making the shipment.

PLANTING INFORMATION

1. PLANT AT ONCE. If this is not possible, plants may be stored for a few days in cool damp location.

2. WATER THOROUGHLY immediately after planting, also during dry periods of the growing season. Lack of sufficient moisture is one of the main reasons for growth failures.

ter thoroughly after applications.

4. WORK THE SOIL OFTEN with a hoe or rake. This controls weeds and retains vital life giving moisture.

3. DO NOT OVER-FERTILIZE. Too much fertilizer will injure or even kill plants. Follow directions carefully and wa-

HOW TO ORDER

ORDER NOW—We Will Ship at Planting Time in Your Area or at Date During Planting Season You Specify

We have tried to make ordering from BUNTINGS' very easy. We think you will agree that it is.

Use order blank enclosed, it is convenient and avoids mistakes, envelope is also enclosed.

Order early before stock is sold, we will reserve plants for you.

Take advantage of special collections offered throughout our catalog. They are real money savers designed for best selections.

Telegraph or telephone us at Selbyville, Delaware. Phone Selbyville 2321.

HOW TO REMIT

Please send check or money order with your order. Remittance in full saves you money by eliminating costly C.O.D. fees. We do not wish that you spend money for extra handling charges by the Post Office or Express Co. C.O.D. orders will be accepted if 25% of the cost of plants is included with order.

REFERENCES

We refer you to Dun & Bradstreet, Inc., Baltimore Trust Co. of Selbyville or any business house in or around Selbyville.

Prices quoted are f.o.b. Selbyville, Del. We will request actual amount of postage required to make shipment after shipment has been made.

The Romantic Story of

Sonjana

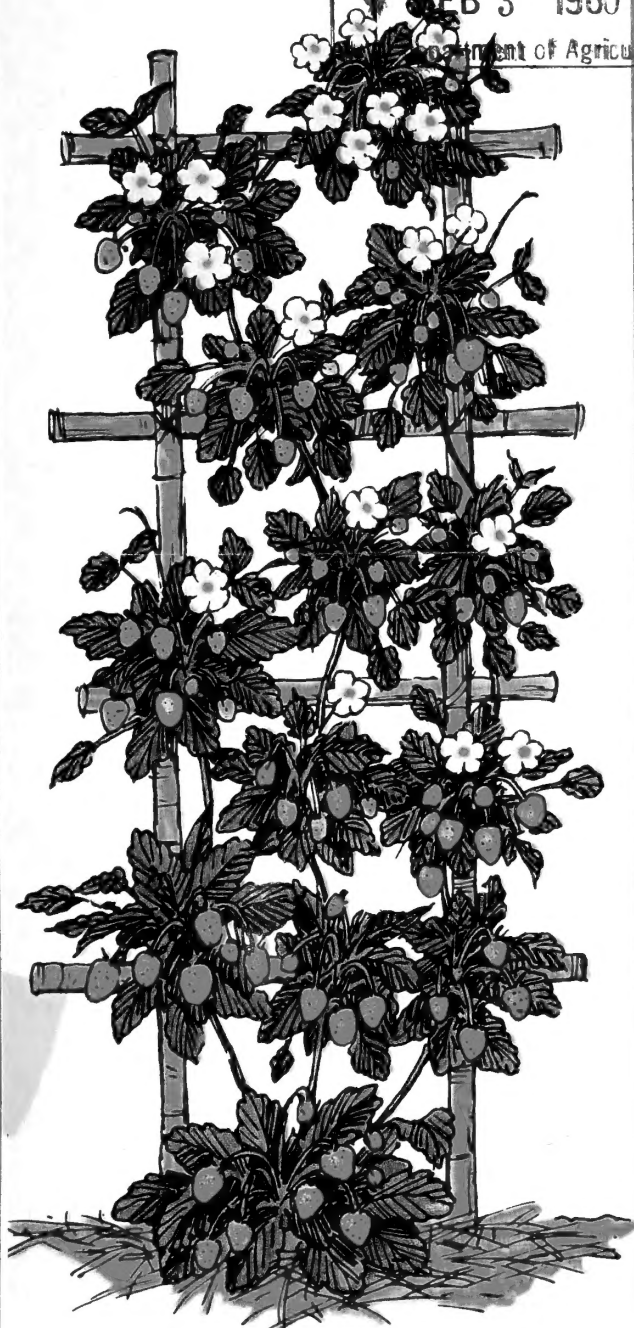

(Hummel)

Plant Patent 1691

LIBRARY
RECEIVED

FEB 3 1960

Department of Agriculture

YES, Sonjana is a real strawberry but it is entirely different from any that has ever before been seen in America. For Sonjana is really a handsome ornamental which will beautify your garden from spring until late fall. Unlike the ordinary strawberry, the runners it sends out do not have to be rooted in the soil. Trained on trellis, fence or wall these sturdy stems form dozens of rosettes, which bear a profusion of blossoms and berries. The result is a strikingly beautiful mass of deep green foliage, accented by charming white flowers, bright green berries and rich red delicious fruit all at the same time. Sonjana is a new true ornamental, unlike anything ever seen before in the gardens of America.

HOW Sonjana WAS DISCOVERED AND BROUGHT TO AMERICA

Sonjana is not a "horticultural accident." It was developed over a long period of years by the knowledge, the skill and the tenacity of one man, Reinhold Hummel. Mr. Hummel began his experiments in Germany before World War II. The grim days of the war interrupted his work but afterward he salvaged a few of his precious plants and continued patiently hybridizing these in his effort to create the new plant which he had set as his goal. His patience was finally rewarded with the perfect plant—long upward-thrusting, vine-like runners, a sturdy root system which would support the lush growth, persistent bloom throughout the season and firm fruit with a delicate flavor. Proudly he named it after his lovely little daughter Sonja.

This is the plant which a famous American horticulturalist found, after a long search, near Stuttgart, in Wurttemberg. This is the plant, a new sensation in ornamental horticulture, which we now offer to beautify your garden, be it large or small.

YOU'LL MARVEL AT THE RARE, EXOTIC BEAUTY OF

The Strawberry that CLIMBS

YOU and your friends, too, will marvel at the way you can train Sonjana's sturdy runners up and up, four, five, even six feet. You'll be amazed as it buds out a dozen or more clusters of rich, green foliage the very first year and as many as 30 or more the second year. You'll thrill to the superb decorative effect as the clusters of foliage develop

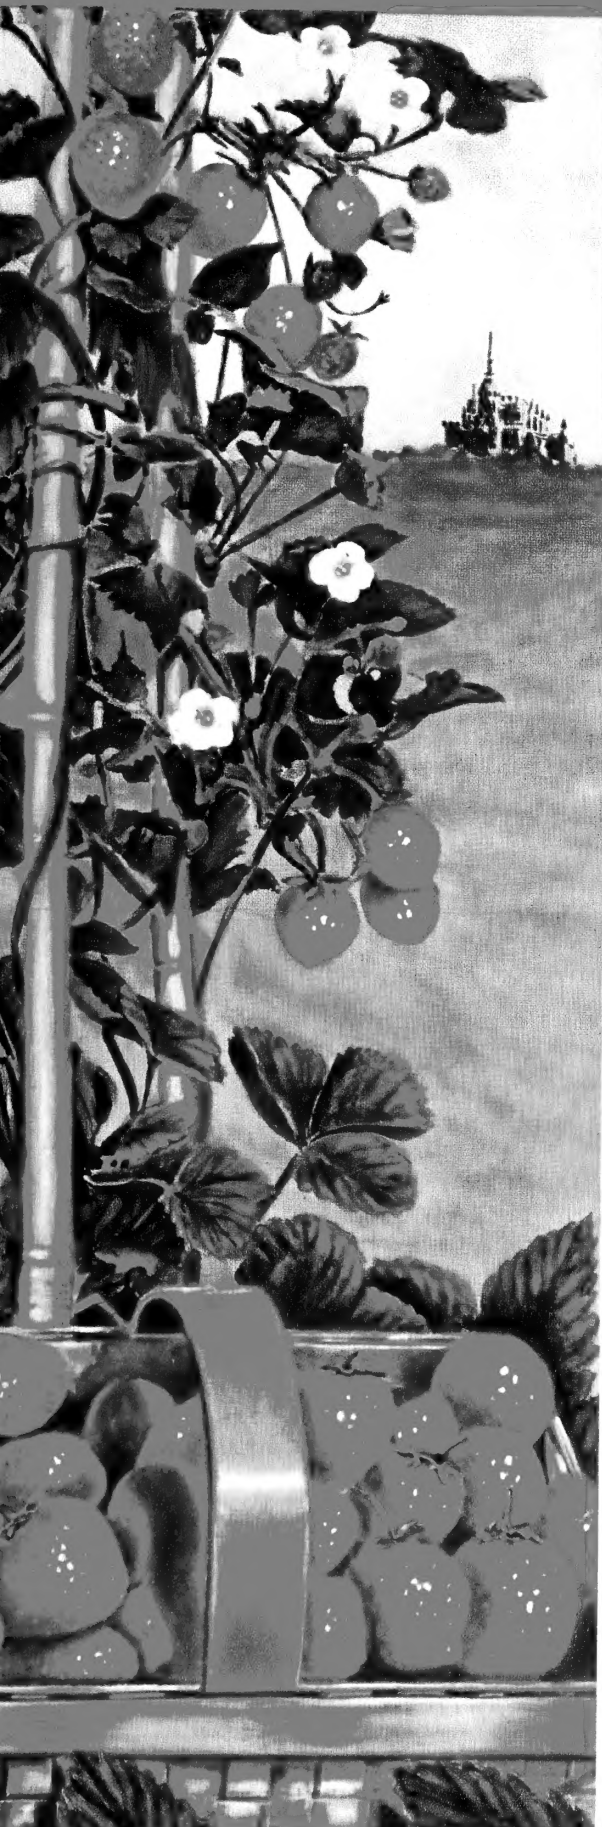

white blooms and then luscious red berries month after month throughout the summer and fall. Sonjana is truly everbearing, for it continues to bear firm, fragrant, delightful fruit from spring clear through until frost in the fall.

TRAIN Sonjana ON WALLS, FENCES OR TRELLISES

There are limitless opportunities for using Sonjana to add to the charm and beauty of your garden. It loves a sunny corner, it climbs and festoons a fence or trellis. Its masses of verdure and bright flowers and berries will adorn a garden wall or cover the unsightly side of a shed or garage. Since each plant needs only a tiny parcel of ground (about two square feet) Sonjana is an ideal ornamental for the compact patio or garden of the city. Suburban and country home owners will find that relatively few of these vigorous plants will provide decorative cover for yards and yards of fence or wall.

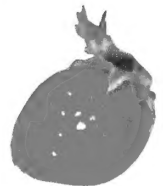

**TO GROW, BLOOM AND BEAR
FRUIT YEAR AFTER YEAR
IN YOUR GARDEN**

WHEN you plant Sonjanas in your garden it is not just for this year or next. Sonjanas grow rapidly, reaching their full strength and beauty the second year. Then they continue to thrive and grow and blossom and bear fruit year after year. Of course, they need reasonable care and attention. They will respond to watering, to mulching, to good soil and to liberal fertilization, just as any plant does. Simple, easily followed instructions come, free, with every order.

**YOU'LL RELISH ITS
DELECTABLE FRUIT**

Only those who have traveled in Europe and tasted the exquisite flavor of the European strawberry can anticipate the firm texture, the aroma and the delightful taste of Sonjana. As the berries are borne on clusters all the way up the vines, you and your guests can have the pleasure of picking the clean, ripe fruit, head-high, before your eyes, and eating them on the spot as you marvel at the show of blossoms which promise more to come. You'll love Sonjana...

THIS OFFER IS GOOD ON ORDERS RECEIVED ON OR BEFORE MARCH 15th. YOUR GIFT SELECTION MUST APPEAR ON YOUR ORDER UPON ITS RECEIPT OR NONE WILL BE SENT.

BUNTINGS' PLANTS ARE OF THE HIGHEST QUALITY

All Bunting plants are grown with utmost care, in addition to many years of experience. Every possible new method is applied to all phases of our business affecting every variety of tree or plant we grow.

As an example, we just briefly wish to explain the involved procedure in the production of just one listing in this catalog, namely Strawberry plants. It is probably natural for you to assume that Strawberry plants are just set in our growing fields for one year, dug and sent along to you. Actually, this is only a part of the program which begins in special greenhouse where plants are checked to be sure they are of first quality and free from disease. The second stage involves the use of a giant screenhouse where the greenhouse plants are grown, again protected from insects and again carefully checked for quality and freedom from diseases. In the two years now involved, many tests and examinations have been carried on to secure the top quality planting stock which we then grow for another season in our growing fields in chemically treated soil. Here, too, careful checks are made for quality and a strict spraying and dusting program is carried on, affording additional protection for the plants. All this adds

up to quality. A word which can easily be said and we want our customers to know the true meaning of the word in regard to the plants we are supplying.

A section of Pocahontas Strawberry plants growing in our nursery. Note vigorous growth.

Varieties designated by (*) in above price schedule have been grown from virus-free foundation stock originally furnished by the U.S.D.A. at Beltsville, Maryland. We have our own greenhouse and screenhouse which enables us to carry on our virus-free program of producing top quality plants for our customers. All plants whether marked virus-free or not have been grown under a strict dusting schedule and are as free from disease and insects as any available today.

BUNTINGS'

GROWING STRAWBERRIES PROFITABLY

Planting Time

Northern States—April and May.

Central States—March, April and May.

Southern States—February, March and April.

Plants referred to as "virus-free" in this catalog have been field-grown by us from virus-free foundation stock furnished by U.S.D.A., Beltsville, Md. Our field-grown stock has been dusted with parathion to control aphids which transmit the virus disease. They have also been grown at considerable distance from any other Strawberry plants. Since virus does not produce clear-cut symptoms in most Strawberry varieties but simply weaken and devitalize the plants, no guarantee can be made that these plants are 100% free of virus. Because of the measures that we have used to protect these plants from virus infection, we believe them to be substantially virus-free.

Setting Plants

Clip the roots if they can't be planted without doubling. The plant should be set with the crown about even with the soil after it has been thoroughly firmed around the plant.

Type of Soil

Select a plot springy in nature but well drained and free of vegetation. Moisture is essential. The land which you contemplate setting to Strawberries should be kept as free from vegetation as possible during the previous year. If the land has been lying idle, plow late in summer before the weeds and grass develop seed to maturity. Heavy crops of Cow Peas, Soy Beans, etc., if plowed under in late summer while green, increase the humus and fertility of the soil, making it loose and porous; therefore, more retentive of moisture.

Soil Preparation and Fertilization

Prepare soil same as for truck garden crops. Lay out rows, usually 3½ to 4 feet apart; set plants about 15 to 18 inches apart in the rows. Do not use commercial fertilizer at the roots. If soil is fertile we do not recommend using any type of fertilizer when planting. After the plants have been set in the row, a light application of fertilizer may be applied around the plant and worked into the soil with a hoe. Do not allow the fertilizer to fall on the leaves of the plant. During the growing season additional applications of fertilizer may be applied if the soil is not reasonably fertile.

The following September after plants have been set, just before mulching, if mulching is necessary in your area, apply a good grade of commercial fertilizer carrying an analysis of 5 per cent ammonia, 6 to 8 per cent phosphoric acid and 10 per cent potash, broadcast on the row of the plants, at the rate of 15 to 20 pounds per hundred yards of row space.

Cultivation

Keep Rows Free of Vegetation.

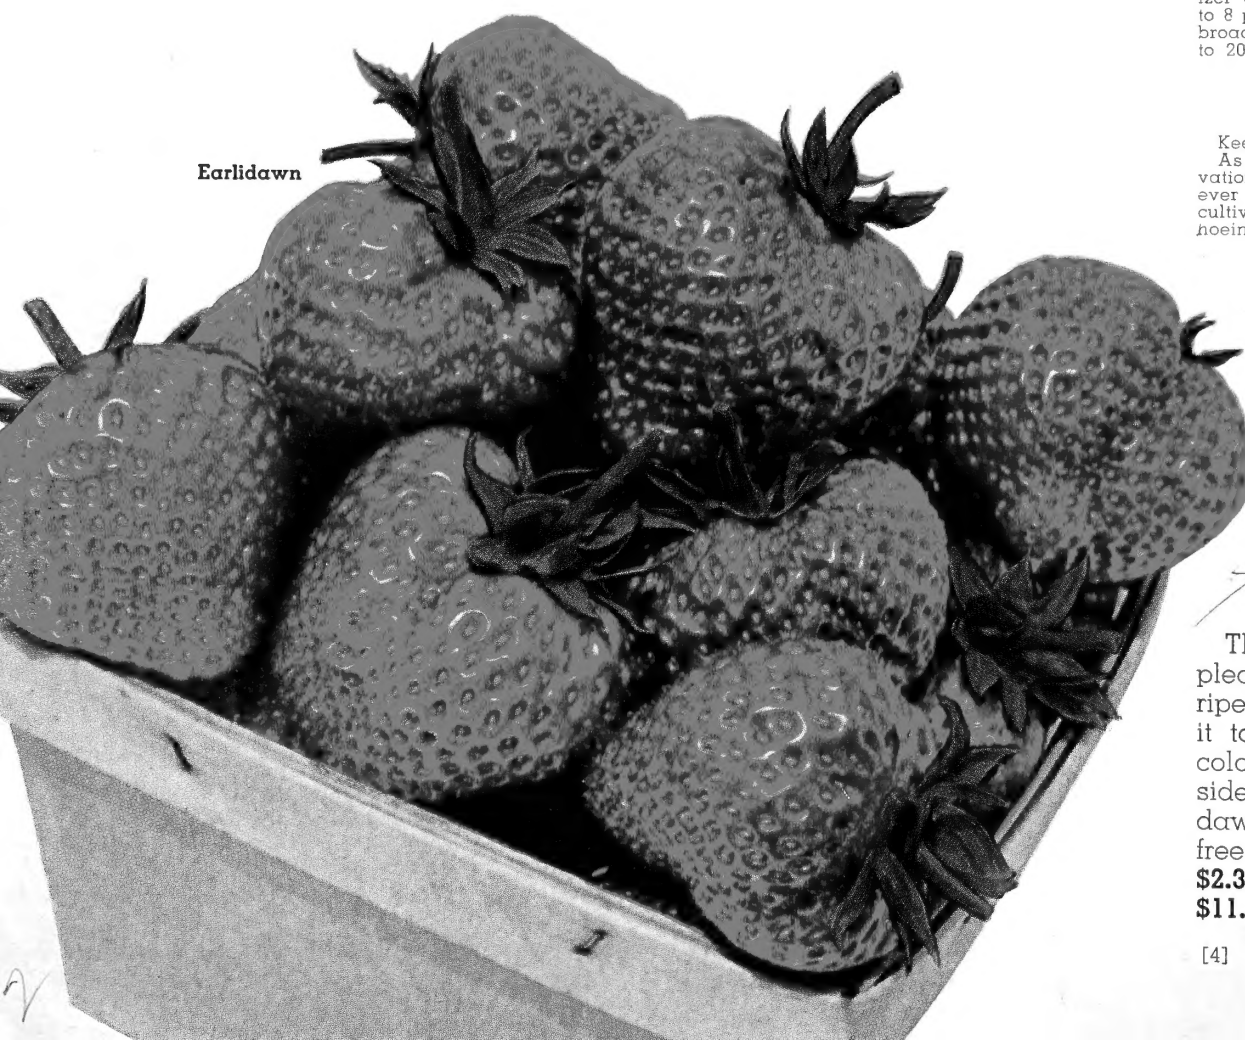

As soon as the plants are set in the spring, cultivation should begin, and should be continued whenever weeds start or a crust forms. Frequent shallow cultivation will make it unnecessary to do much hand hoeing or hand weeding.

Mulching

After the first freeze during fall months, wheat or rye straw may be applied over the rows of plants for winter protection. Early in the spring, before growth starts, it should be removed from the bed of plants and replaced between the rows to retain moisture and keep berries clean.

EARLIDAWN

This luscious berry will be a taste pleaser for all. It is the earliest of all to ripen and yields from tests made prove it to be very productive. This highly colored and textured berry is also considered excellent for freezing. Our Earlildawn is a strain of the U.S.D.A. virus-free plants. Prices: 25 for \$1.40; 50 for \$2.30; 100 for \$3.70; 250 for \$7.40; 500 for \$11.55; 1000 for \$18.50; 5000 for \$87.50.

STRAWBERRY PLANTS

Known for Quality

CATSKILL

Almost Frost Proof

An outstanding midseason variety becoming more popular every year. Produces large, strong plants, makes an ideal fruiting bed. The berries are large in size, bright red color. Equals Premier in flavor and carries a bright green cap. Firm enough to arrive on the market in excellent condition. It is considered almost frost-proof, and can be depended upon to produce annually bumper crops of fine fruit. Our Catskill is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.30; 50 for \$2.15; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.**

Number of Plants Required to Set an Acre at Various Distances

Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which divided into the number of square feet in an acre (43,560) will give the number of plants or trees to an acre.

1 x 1	ft.	43,560
2 x 2	ft.	10,890
3 x 1	ft.	14,520
3 x 1½	ft.	9,900
3 x 2	ft.	7,260
4 x 1	ft.	10,890
4 x 1½	ft.	7,260
4 x 2	ft.	5,445
5 x 1	ft.	8,712
5 x 2	ft.	4,356
6 x 1	ft.	7,260
6 x 2	ft.	3,630
7 x 1	ft.	6,222
7 x 2	ft.	3,111

POCAHONTAS

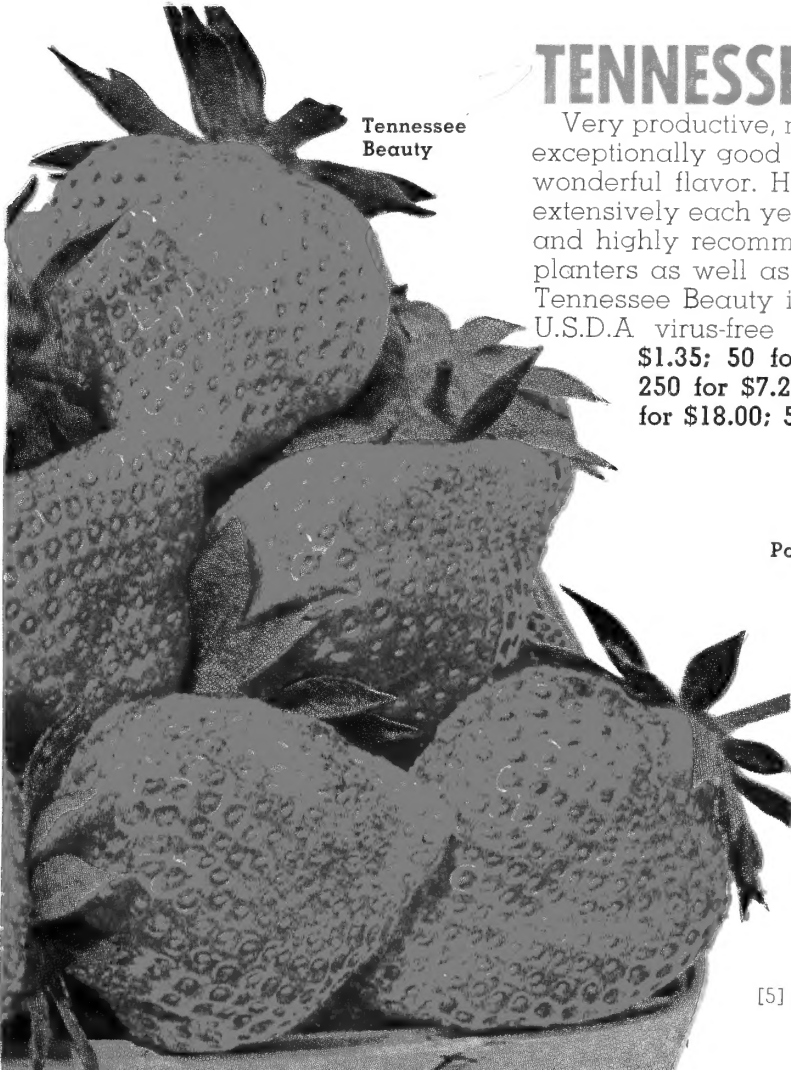

Those Who Have Tried It Know It's Good

EXCELLENT SHIPPER - FREEZER

A comparatively new introduction of the U.S.D.A. at Beltsville, Md., and the Virginia Truck Experiment Station, Norfolk, Va. A large, deep red berry is produced from the exceptionally vigorous plants. Highly flavored. A leader due to its strength and productiveness. Our Pocahontas is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.30; 50 for \$2.15; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.**

TENNESSEE BEAUTY

Very productive, midseason variety with exceptionally good shipping qualities and wonderful flavor. Has been planted more extensively each year and now is a leader and highly recommended by commercial planters as well as small gardeners. Our Tennessee Beauty is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.**

Buntings' Dependable

Surecrop

SPARKLE

A vigorous grower and very productive. Berries are somewhat round in shape, of excellent quality and splendid for freezing. Our Sparkle is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.30; 50 for \$2.15; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.**

Sparkle

Surecrop

Our opinion is that this is one of the best all-around Strawberry introductions. A midseason variety released by the U.S.D.A. Produces an abundance of fruit over a long period of time. Berries very large, extra firm, with a flavor compared to Pocahontas. Red stele resistant. Our stock is grown from U.S.D.A. virus-free plants.

Prices: 25 for \$1.30; 50 for \$2.15; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

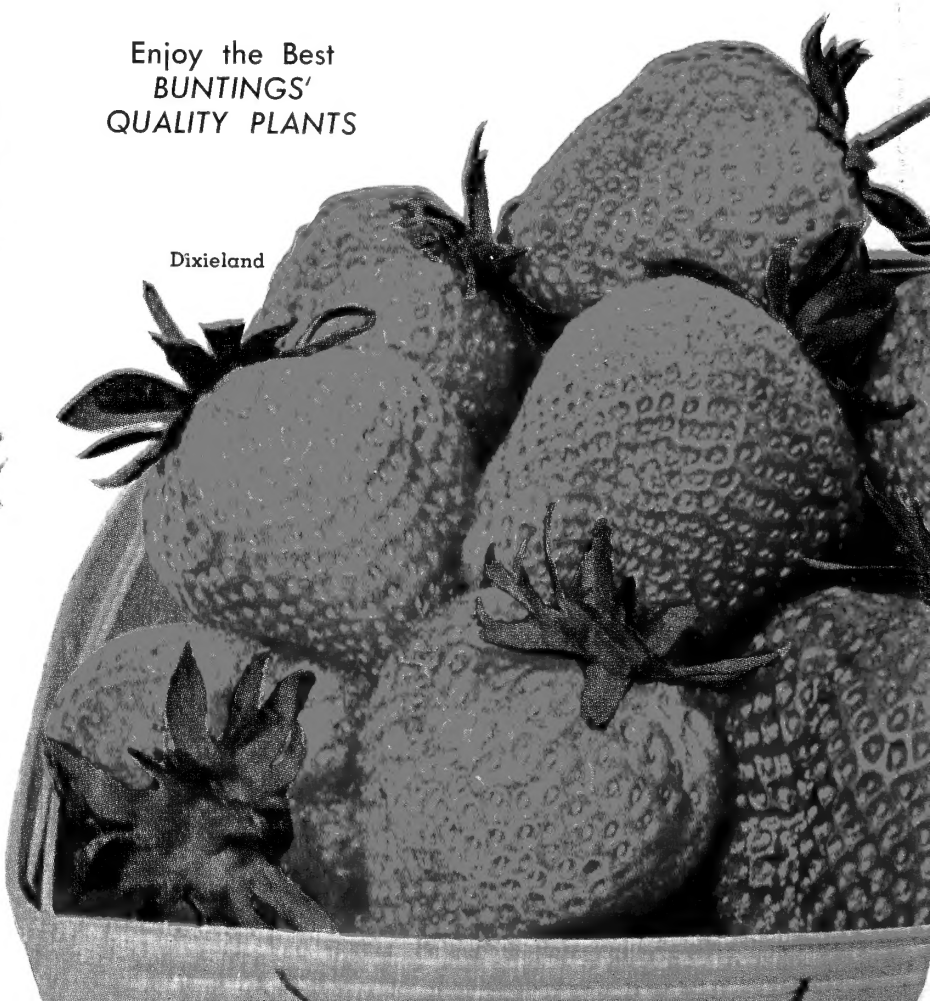

**BUNTINGS' ARE
STRAWBERRY SPECIALISTS**

DIXIELAND

Best for Freezing

A comparatively new introduction of the North Carolina Agricultural Experiment Station. The vigorous growing plants have a strong color and produce berries considerably larger and much firmer than Blakemore. Berries are very uniform in shape and ripen about the same time as Blakemore. Truly an excellent shipper and we believe the best to date for freezing. Our Dixieland is a strain of the U.S.D.A. virus-free plants. We take pride in recommending this berry to you. **Prices: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.**

Enjoy the Best
BUNTINGS'
QUALITY PLANTS

Dixieland

Quality Strawberry Plants

Empire

LARGE SIZE • GOOD FLAVOR

An introduction of the New York State Experiment Station as a real challenger of Premier. Berries average extra large in size, very attractive and of excellent quality. Fruit is firm and holds its appearance well, making an excellent shipping berry. Very vigorous grower; withstands adverse growing conditions. **Prices: 25 for \$1.45; 50 for \$2.35; 100 for \$3.80; 250 for \$7.60; 500 for \$11.85; 1000 for \$19.00; 5000 for \$90.00.**

THERE IS A DIFFERENCE IN VIRUS-FREE STRAWBERRY PLANTS. Buntings' foundation planting stock is grown from plants started each year from our greenhouse and screenhouse. Following this procedure year after year, we maintain for our customers the highest possible degree of freedom from virus and other diseases. Unless growers set plants of this type, there is much less assurance of this substantial freedom from disease. Increase your chances for a more profitable crop by setting Buntings' quality Strawberry plants.

STELEMASTER

An introduction of the U.S.D.A., Beltsville, Md., because of its resistance to red stele. Ripens about the same time as Blakemore. Berries are uniform, smooth and of good size. Flesh is light red, juicy, and firm, with flavor mildly sub-acid. Plants are very vigorous and productive, also its resistance to disease will meet demands and develop its popularity. Our stock is a strain grown from the U.S.D.A. virus-free plants. **Prices: 25 for \$1.45; 50 for \$2.35; 100 for \$3.80; 250 for \$7.60; 500 for \$11.85; 1000 for \$19.00; 5000 for \$90.00.**

Stelemaster

Empire

FAIRFAX

Early. The quality berry. A favorite in quality, flavor and productiveness. Originated and introduced with Dorsett, now widely known and planted. The berries are exceptionally large all through the fruiting season, and very firm. Plant Fairfax for its superb flavor, large size and universal demand. Our Fairfax is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.45; 50 for \$2.35; 100 for \$3.80; 250 for \$7.60; 500 for \$11.85; 1000 for \$19.00; 5000 for \$90.00.**

Other Bunting Approved Varieties of Good Strawberries (Not Pictured)

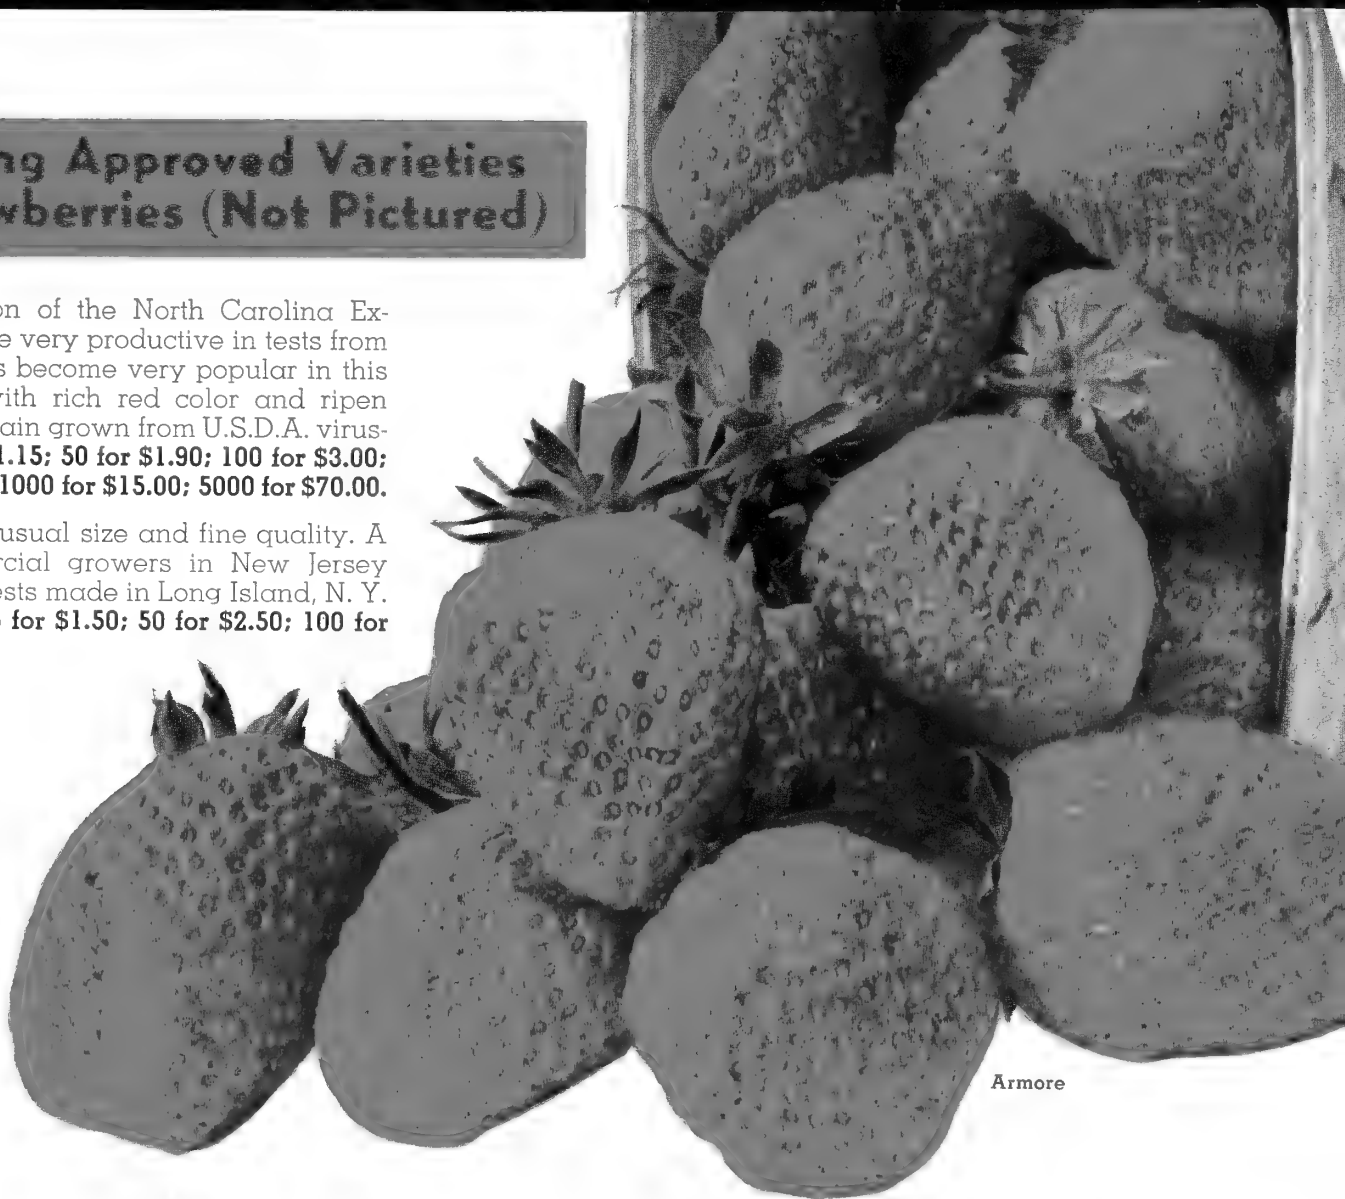

ALBRITTON. An introduction of the North Carolina Experiment Station. Plants are very productive in tests from Maryland south and it has become very popular in this area. Berries are large with rich red color and ripen early. Our Albritton is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.15; 50 for \$1.90; 100 for \$3.00; 250 for \$6.00; 500 for \$9.40; 1000 for \$15.00; 5000 for \$70.00.

JERSEYBELLE. A berry of unusual size and fine quality. A favorite with the commercial growers in New Jersey and was also a leader in tests made in Long Island, N. Y. very productive. **Prices:** 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.50; 1000 for \$20.00.

MIDLAND. Beautiful, very large berries of deep, glossy red color. Very good dessert quality. mildly sub-acid. These qualities make Midland a most attractive frozen product with that fresh-of-the-vine goodness. Our Midland is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.50; 1000 for \$20.00; 5000 for \$95.00.

SENATOR DUNLAP. Fruit is of good size and a beautiful bright red color, glossy and firm. Makes a good fruiting bed under adverse weather conditions. Our Dunlap is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.15; 50 for \$1.90; 100 for \$3.00; 250 for \$6.00; 500 for \$9.40; 1000 for \$15.00; 5000 for \$70.00.

BEDGLOW. One of the latest introductions of the U.S.D.A. An early bearing variety of large size with a vivid red color throughout. Very good flavor, excellent for freezing. Red stele resistant. Our Redglow is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.40; 50 for \$2.30; 100 for \$3.70; 250 for \$7.40; 500 for \$11.55; 1000 for \$18.50; 5000 for \$87.50.

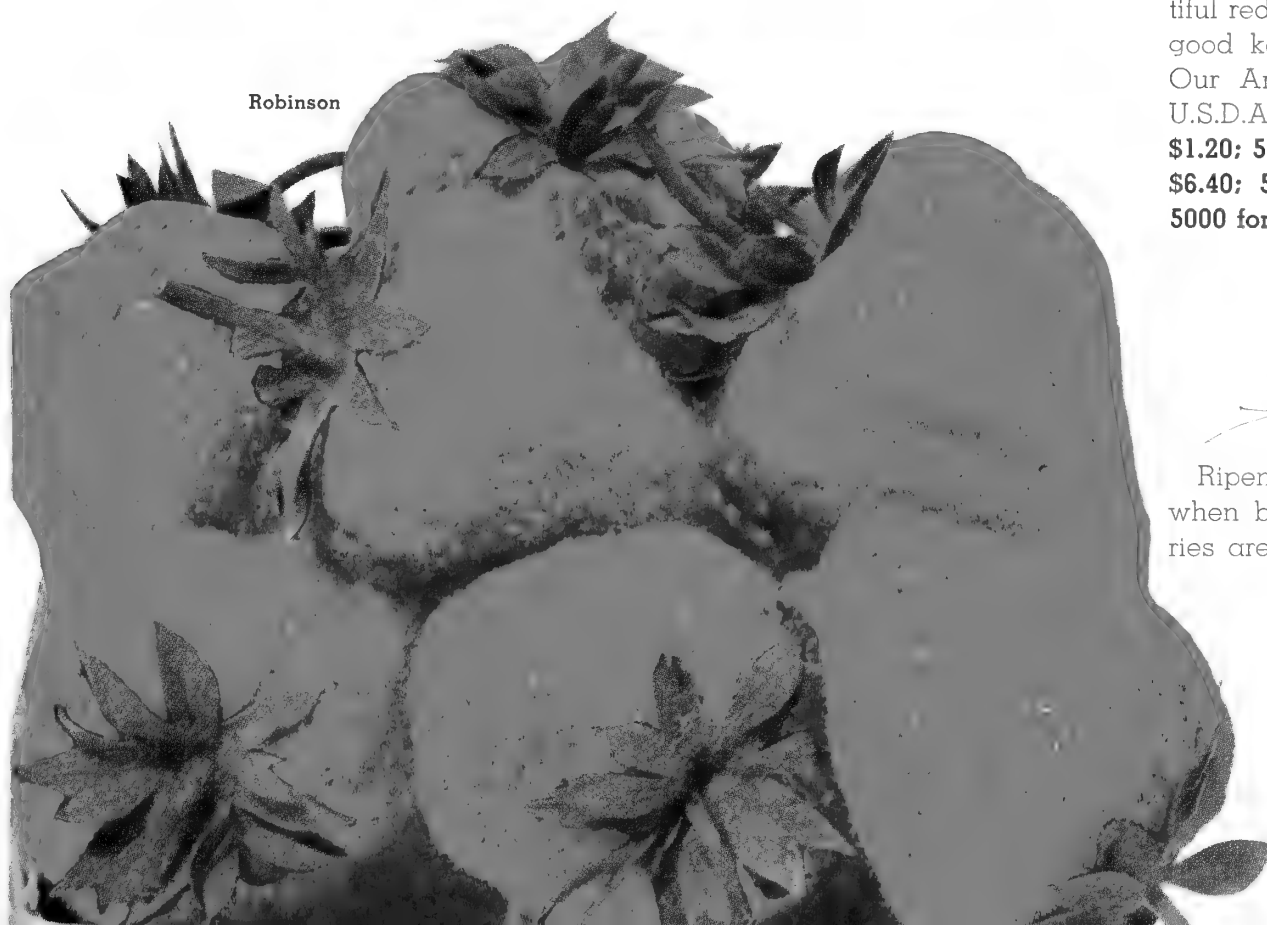

Armore

ARMORE

Very Productive

Introduced by the Missouri Experimental Station, this variety has proved more productive than 60 others in actual tests. Berries are of good size, a beautiful red and of excellent flavor; a firm, good keeping, good shipping variety. Our Armore is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.20; 50 for \$2.00; 100 for \$3.20; 250 for \$6.40; 500 for \$10.00; 1000 for \$16.00; 5000 for \$75.00.

Robinson

ROBINSON

Ripens just after Premier, at a time when berries bring a good price. Berries are large, brilliant red, uniform in size. Vigorous grower and a heavy yielder. Our Robinson is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.30; 50 for \$2.15; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

Fairpeake

FAIRPEAKE

A cross between Chesapeake and Fairfax, this Strawberry retains the delicious flavor of Fairfax and is more productive than Chesapeake. A vigorous grower; this plant produces a quality berry of good size. The flesh is firm, juicy, and red to the center. Excellent for either the home gardener or commercial grower. **Prices: 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.50; 1000 for \$20.00; 5000 for \$95.00.**

Premier

Quality Proved Through Test of Years

This very popular early berry has stood the tests of many years. Fruit large and holds its size well throughout the ripening season. Foliage smooth, bright and clean. A good plant maker. One of the most extensively planted early varieties of Strawberries at this time. There are but very few varieties that have equalled Premier's production record. In flavor and quality it ranks with the best. Recommended for home use, local sales or commercial markets. Our Premier is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.25; 50 for \$2.10; 100 for \$3.40; 250 for \$6.80; 500 for \$10.60; 1000 for \$17.00; 5000 for \$80.00.**

Premier

BLAKEMORE

Excellent for Shipping

A healthy, vigorous growing variety, that yields big crops of berries. Will stand 2 or 3 days without over-ripening. Foliage is healthy and stands up well during drought. Fruit is firm, of good color and unexcelled as a long-distance shipping berry. Ranks high in productivity. To get all that you are entitled to from Blakemore, do not allow them to mat too thickly in the rows during the growing season. Our Blakemore is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.15; 50 for \$1.90; 100 for \$3.00; 250 for \$6.00; 500 for \$9.40; 1000 for \$15.00; 5000 for \$70.00.**

Blakemore

Buntings' Approved RASPBERRIES

> SUNRISE

The Early Beauty

The earliest Red Raspberry of them all. The bright red, round berries are juicy, have a delicious flavor and aroma, fine, firm texture. It combines the necessary characteristics of a successful berry; earliness and high quality of fruit, also hardiness and resistance to disease. Excellent for home use.

TAYLOR

The Northern Special

Considered the best of the reds for New York and northern areas. Vigorous, hardy, productive. Sturdy canes hold berries well off the ground. The berries are bright red, firm and excellent quality.

> SEPTEMBER EVERBEARING

A new everbearing Red Raspberry, a cross between Marcy and Ranere, introduced by the New York State Fruit Testing Association. Berries are of good size, high quality, round, bright red, show no crumbling tendencies and cling securely to the bushes. Its spring crop is about five days earlier than Newburgh, and the fall crop matures before frost. Plants are vigorous and increase rapidly. Ideal for either home or commercial gardens.

LATHAM

The productiveness and resistance to disease of this popular midseason to late Red Raspberry has attracted the attention of growers everywhere, and, in the Northwest, the great berry growing section of America, growers are enthusiastically planting it heavily each year. Extremely hardy, cold weather seems to have no effect on its outstanding bearing ability. Plants are vigorous growers, highly resistant to insects, mosaic free and start ripening in midseason and continue an unbelievably long time. Berries are extra large, beautifully colored rich dark red, and good flavored.

CUMBERLAND

The Black Raspberry

In Blacks—your best bet. Produces large, jet-black fruit, firm and of excellent quality, sweet and mild, ripening in midseason and continuing for two weeks. Extensively planted for commercial purposes and for table use. Fruit is large, plump and juicy, with a true "Blackcap flavor" all its own. Because of its extremely firm texture, Cumberland is an ideal shipper. No Black Raspberry has ever been grown as extensively as Cumberland nor attained its great popularity in all Raspberry producing sections of the country.

Cumberland—The Best
Bet in Black

INDIAN SUMMER

Giant Red Everbearer

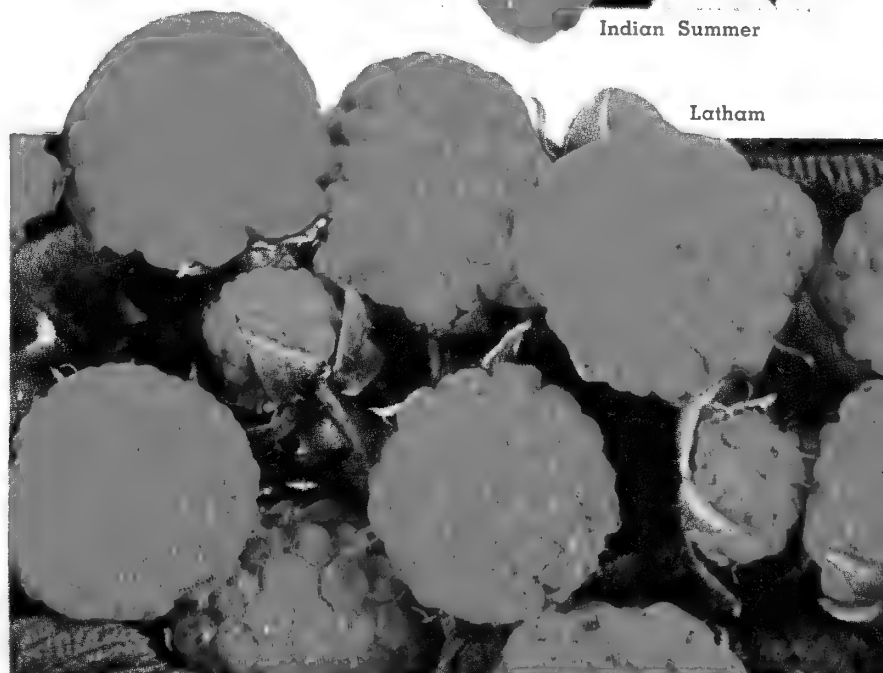

The best everbearing Red Raspberry. Earliest to ripen; bears a full crop in June and an immense crop in the fall. A sensation because of its size, flavor and unusual beauty. Wonderful keeping qualities. Berries are glossy red, conical in shape and of extra large size. The greatest all-purpose Raspberry. The fall crops, when Raspberries are scarce and therefore highly prized, are heavier than the earlier ones.

[12]

Bunting's Hardy GRAPES

GRAPE DESCRIPTIONS

CACO. Considered the best and hardiest amber-red ever produced. Bunches are large and fruit is deliciously different from most native Grapes.

MOORE'S EARLY. A fine black Grape of exceptionally fine quality. Extra early to ripen. If you do not have this reliable variety we would suggest it to you.

ONTARIO. One of the best leading white Grapes. Vines are vigorous and very productive. Fruit ripens extra early. A variety we know you will want to try.

FREDONIA. Black with heavy bloom, clusters about medium, berry is large, very early. This variety is comparatively new and very promising.

WORDEN. Vines are hardy and productive. Grapes are very large, thin skin with fine flavor; blue-black color and fine for home or market.

EBONY KING BLACKBERRY

A New Upright Blackberry

Here's good news for Blackberry lovers. The new EBONY KING has been tested for several years, and is a sure-bearing variety. It is very hardy, having withstood temperatures of 22 degrees below zero. The berries are very sweet, and have the wonderful delicious Blackberry flavor. Bears annually and early in the season before hot weather sets in. Self pollenizing. Prices: Heavy, 1-yr., No. 1 plants, 5 for \$3.00; 10 for \$4.50; 25 for \$8.25; 100 for \$24.75.

Blackberry

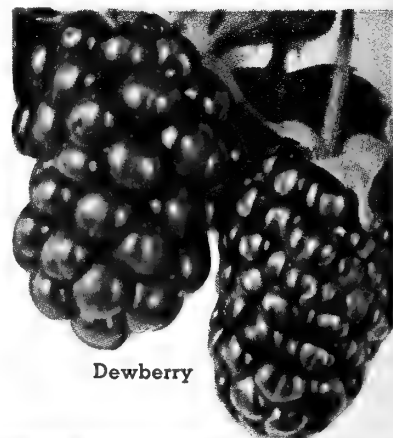

BOYSENBERRY

10 Plants for \$2.70

A cross between the California Loganberry, Raspberry and Blackberry. Its size is unbelievable—two inches long is not unusual, three inches long not rare. Fifty of these plump, inch-thick marvels will fill a quart basket. Bunting's hardy No. 1, strong-rooted plants bear big crops the second year. Prices: 3 for \$1.35; 6 for \$2.15; 10 for \$2.70; 25 for \$4.95; 100 for \$14.05; 500 for \$48.85.

DEWBERRY

LUCRETIA. Extremely productive. The berries are extra large, black in color, flavor rich, sweet and delicious. Dewberries are of the Blackberry family, but produced on a trailing vine instead of an upright bush, and bear earlier in the summer. Lucretia berries are firm and of excellent quality. Prices: 10 for \$2.40; 25 for \$4.95; 50 for \$8.55; 100 for \$14.85.

ROBERTS STRAIN MARY WASHINGTON

- ★ Crowns Produced From Selected Seed
- ★ Heavier Yields
- ★ More Rapid and Vigorous Growth
- ★ Extra Large Spears

This new strain of Mary Washington (selected and developed by Mr. J. L. Roberts) is now being planted almost exclusively here in the East by commercial growers and canners. Roberts' Strain has been developed from original Mary Washington by selection, to produce a new type possessing very large spears, heavy yields and great vigor, which prevents the ravages of rust. For years our supply was sold early to large nearby planters. Our production of this strain has been greatly increased to meet the heavy demand over the entire country. Again this year we have reserved a part of our stock for our mail order customers. We recommend that you order early, we will reserve your plants for you until shipping time.

Rhubarb

RHUBARB or PIEPLANT

MacDONALD RHUBARB. You'll want some of this red, sweet Rhubarb. The new seedless variety, grown from divisions. Outyields and takes less sugar than Myatt's Linnaeus. Mildly acid, bears stalks up to 2 feet tall, red all the way down. Prices: No. 1 divisions, \$1.00 each; 3 for \$2.75.

MYATT'S LINNAEUS RHUBARB. Early, large, tender and good quality. Prices: 2-yr., No. 1 plants, 30c each; 3 for 85c; 10 for \$2.50.

ORANGE QUINCE TREE

Fruit is large, golden yellow, and of excellent quality; ripens early in September. Splendid for jellies and preserves. A dwarf type tree, growing about 10 to 15 feet tall, requiring but little space. Price: 3-4 ft., strong trees, \$1.80 each.

HORSE RADISH

Easy to Grow and Prepare

MALINER KREN. Very hardy, and thrives best in cool, moist earth, but will thrive well on any soil that produces crops of any kind. Plants are vigorous and roots grow to a large size. Prices: 1-yr. No. 1 plants, 10 for \$1.50; 25 for \$3.00; 100 for \$10.00.

APRICOTS

They Grow Like Peaches

EARLY GOLDEN. Pale orange, juicy and sweet. A hardy, prolific bearer, ripening early in July.

MOORPARK. Orange-yellow fruit with red cheek.

3 to 4 ft., \$1.90 each; 10 or more, \$1.60 each. 4 to 5 ft., \$2.10 each; 10 or more, \$1.85 each. 5 to 6 ft., \$2.50 each; 10 or more, \$2.05 each.

Unusual NECTARINES

HUNTER. Large, round, yellow free-stone. The melting, juicy texture of the fruit, and its delicious flavor, furnishes one of the most delightful fruits for eating during the summer.

Nectarine Prices (Per Tree): 4 to 5 ft., \$2.10 each; 10 or more, \$1.85 each. 5 to 6 ft., \$2.50 each; 10 or more, \$2.05 each.

NEW RED-LEAVED PEACH

Delicious Peaches—Red Foliage
Colorful Pink Blossoms

A dual-purpose tree—beautiful as an ornamental, prized for its fruit.

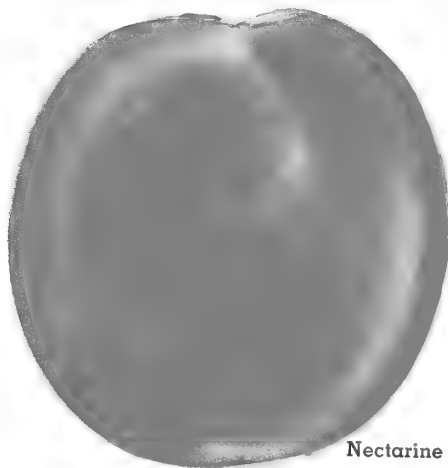

Foliage bright red early in spring, dulling to a deep maroon toward fall. Deep pinkish red blossoms in early spring create an exquisite effect, adding a touch of color to your landscape.

Our new Red Leaf Peach produces a full crop of round, inch-and-a-half diameter Peaches; excellent for pickling. Fruit has an all-over red coloring; flesh is white with delicious flavor.

Price: 3 to 4 ft., \$1.85 each.

Red Leaf Peach

Nectarine

Buntings' Popular Dwarf

These Dwarf type trees are pleasing so many home gardeners each year. Just picture yourself picking fruit from these trees the next year after planting. The fruit is delicious and of regular size. Plant two or more for cross pollination. We know that you will be pleased with our dwarf trees.

DWARF PEACH TREES

There is no better way to use cream and sugar than on the delicious Peaches produced on Buntings' shapely dwarf trees. These trees grow only 6 to 7 feet in height when mature. Caring for a tree of this size is no trouble and fruit is usually produced the next year after planting. The following varieties are available:

Elberta. Large yellow with blush; flesh yellow and firm.

Red Haven. Large red with yellow flesh.

Golden Jubilee. Large yellow freestone; sweet, tender, juicy yellow flesh.

Price: 3-4 ft. trees,
\$3.25 each; 3 for \$9.35.

DWARF APPLE TREES

Yes, it is true, you can pick full size Apples from our trees. Great pleasure can be had by observing and of course picking delicious, tasty fruit right at your home. They grow only about 12 feet high and really produce, usually during the second year. Start your own orchard, spacing them about 15 to 20 feet apart. The varieties listed below are ones we know you will really enjoy. Your choice of the following:

Grimes Golden
Red Stayman

Super Red McIntosh
Yellow Delicious

Red Delicious

Prices: 2-yr., 3 to 4 ft., \$2.75 each; 3 for \$7.50.

LARGEST BEST VARIETIES

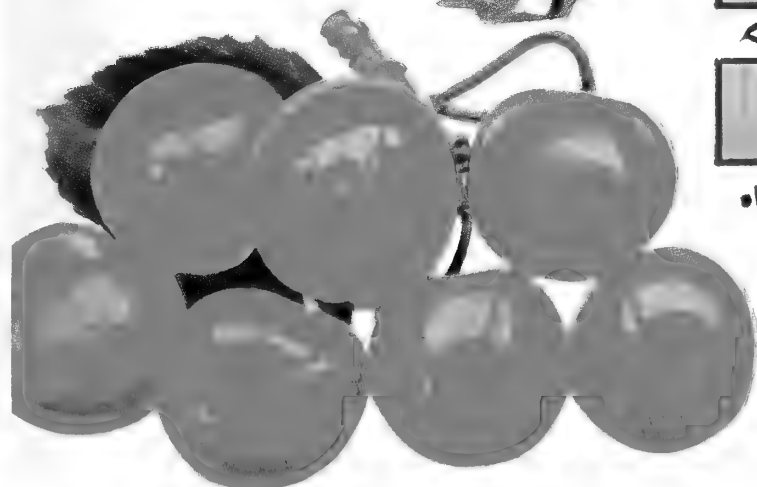

All Buntings' Dwarf trees are offered in the best varieties that are available. They are easy to grow and very little care is necessary after the trees are established. A spraying program using all-purpose fruit tree dust or spray is recommended and may be secured at most hardware stores. Try the collection and have your own orchard.

Beautiful in Bloom

Dwarf Fruit Trees are being planted extensively for ornamental purposes on lawns and as accent plants in shrub borders. Their beauty in early spring, while in bloom, add color to the planting design. Relatively easy to spray and care for, they are becoming more popular each year

- Hardy
- Easy Picking
- Beautiful
- Economical

Small Space Required

Ample planting space can be found even on small properties for the above Dwarf Orchard Collection. An area the size of a large room, 15 ft. x 18 ft. is all that is necessary.

DWARF CHERRY TREES

NORTH STAR. A truly dwarf Cherry tree growing only to around six feet high. Fruit can be easily reached and picked. Best of all is the lively, delicious flavor sure to be enjoyed by the whole family. A very hardy, easy-to-grow variety that can be planted as close as 8 feet apart.

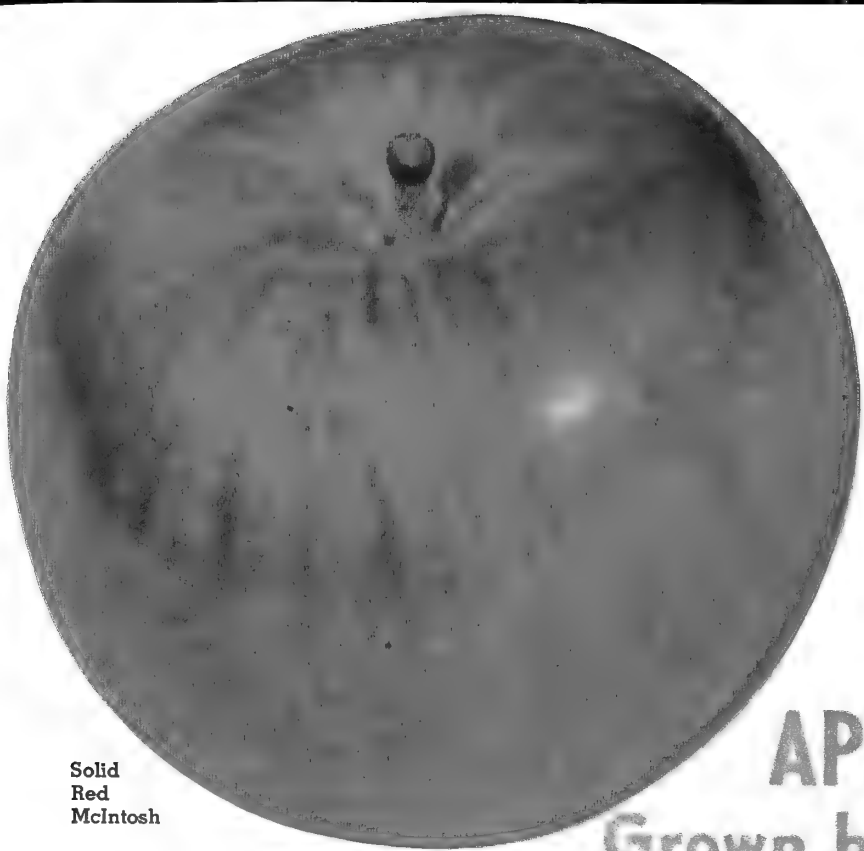

Price: 3-4 ft. trees, \$3.25 each; 3 for \$9.35.

Buntings' DWARF PEAR TREE

Buntings' Dwarf Pears are grown using all the most modern techniques and equipment. They are handled properly from start to finish and will grow and produce in your garden with little effort. They grow only around twelve feet high, adding the finishing touch to any home orchard. Be sure to plant more than one variety for cross-pollination. Your choice of **Bartlett** and **Clapp's Favorite**.

Price: 3-4 ft. trees, \$3.25 each; 3 for \$9.35.

Delicious

APPLES Grown by Bunting

- BALDWIN.** For many years Baldwin has been a favorite with commercial orchardists for their northern markets. Highly regarded as an eating and cooking Apple, having a flavor all its own.
- WILLIAMS EARLY RED.** Among the earliest to ripen, and the largest of all early Apples. The trees come into bearing when quite young, producing freely and steadily. The Apple is large, with tender, crisp, white flesh, juicy and slightly tart.
- LODI (Improved Yellow Transparent).** A summer Apple ripening about the same time as regular Transparent; however, much larger and more firm than Transparent. Fruit good size, skin clear white to pale yellow in color. Flavor very good. An excellent cooking Apple. Tree a very strong grower.
- DOUBLE RED STAYMAN WINESAP.** Carries at least double the color of the original strain of Stayman Winesap, otherwise exactly the same growth, hardiness, etc. We have discontinued propagating in our nurseries, also growing in our orchards, the regular variety of Stayman's Winesap, in view of the fact that we get the same quality in Double Red Stayman with double the color which sells the fruit for more money.
- SOLID RED MCINTOSH.** A selected bright red sport of the reliable old McIntosh. Flesh white, tender, juicy, sub-acid. Tree hardy, vigorous, healthy. Leading commercial variety, especially desirable for fancy trade.
- YELLOW DELICIOUS.** This alluring Apple with the strong appetite appeal never fails to capture the elusive nickel on the fruit stands. It is a national favorite, commanding highest prices on the market. A bright golden yellow, firm, crisp, juicy Apple. Tree bears when young, and yields heavily.
- DOUBLE RED JONATHAN.** Insure your profits from Jonathan by planting this new sport that will give you bright red colored fruit about two weeks earlier. Fruit medium to large, brilliant red, juicy, fine grain, tender and very highly flavored.
- ALL RED DELICIOUS.** This improved new Red Delicious colors a very rich red three or four days in advance of any other strain of Delicious Apples. It is not only a commercial Apple, but is every bit as well adapted to home gardens. A superior, large, uniform Apple, rich in flavor, with a characteristic five-knob appearance that makes it attractive in every market.
- GRIMES GOLDEN.** Very large, skin golden yellow, flesh tender and crisp. A very good fall Apple. Grown in all sections of the country.
- RED YORKING.** A sport from its famous daddy, York Imperial. It has the same fine and dependable qualities except that its skin is thicker, it does not scald in storage, and ripens to a solid cherry-red color. Shows color 5 weeks earlier than regular York.

2-3 ft., bearing age	2.65	2.25	1.95	1.65	1.50

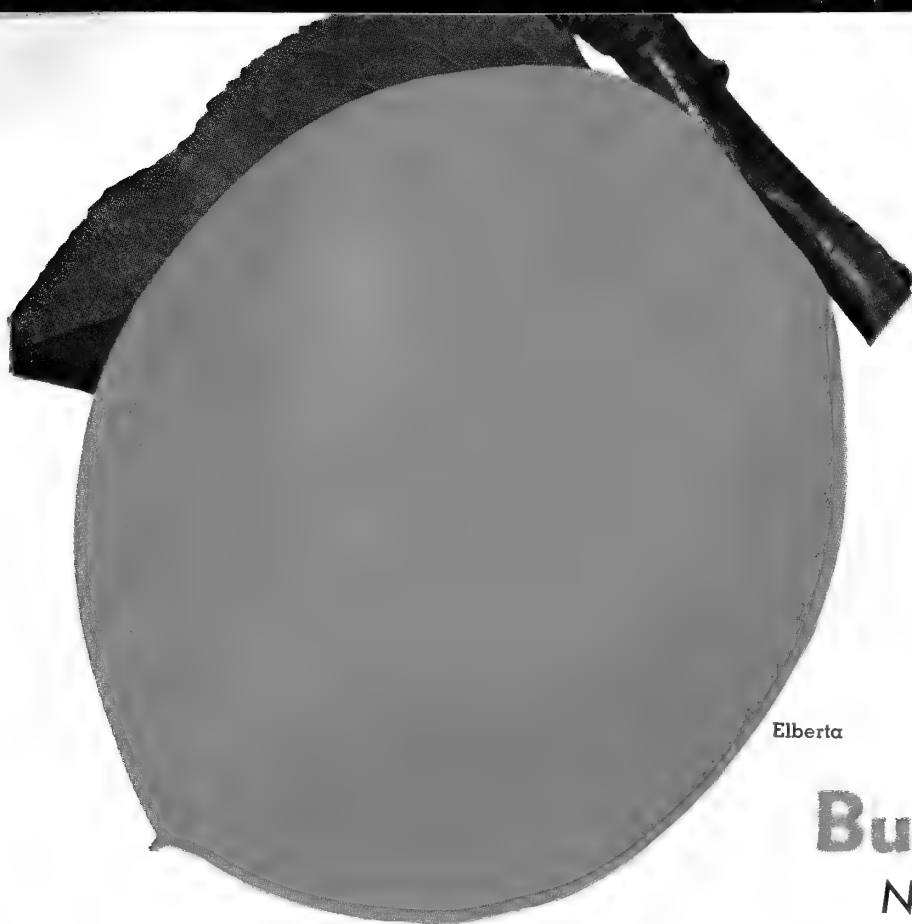

There is a big market for these delicious Blueberries; they make money from any type of acid soil. Grow in clusters and produce from 5000 to 8000 pints per acre. The berries are easy to harvest and the plants thornless. The plants are very hardy and will last a lifetime, giving bigger yields every year until maturity. The fruit is very delicious eaten directly from the plant, also can be enjoyed from your freezer. You will certainly experience much pleasure by growing your own fresh fruit from our strong plants. Blueberries require an acid soil for best results, normally a pH of under 5.5. If your soil is sweet, use peat moss around the plants. Write us and ask for our free booklet entitled "Cultural Directions for Cultivated Blueberries." Once the right conditions are provided, very little care is needed. Your choice of **Earliblue** (early), **Bluejay** (midseason), **Jersey** (late). Use two or more varieties to cross pollinize for best results.

Elberta

Belle of Georgia

Buntings' PEACHES

Nationally Known for Quality

ELBERTA. The Standard of Excellence! Everyone is familiar with the old reliable Elberta. Its attractive appearance, large size, uniformly shaped fruits are well known throughout the world. Universally planted—Elberta leads all other Peaches in number of trees producing fruit. Most popular Peach on the market. Ripens midseason; roundish with a pointed tip, thick skin; flesh yellow stained pink near the pit; juicy; firm but tender; good quality freestone.

REDHAVEN. A Real Treat to Taste and See! EXTRA EARLY, BRILLIANT COLOR, FINE FLAVOR AND GOOD SHIPPER. Perfect freestone, medium to large in size, flesh yellow, fine textured, sweet, good quality. Smooth skin, almost fuzzless; brilliant red color, with creamy yellow background.

O'BOY. A round and perfectly shaped Peach with a glowing red color blushed all over with dark red even before ripe. Flesh rich orange and bright red around the pit. Very firm flesh and skin. Bears a heavy crop of freestone fruit when three years old.

SHIPPER'S LATE RED. Follows Elberta in ripening. Skin yellow with attractive red coloring. Flesh yellow, juicy, sweet, pleasing flavor. Bears young; good late commercial variety. Freestone.

SULLIVAN'S EARLY ELBERTA. An early ripening bud sport of Elberta. Size, color and shipping qualities identical with Elberta, but ripens about ten days earlier. A splendid all-purpose Peach.

GOLDEN JUBILEE. The Beau Brummel of Peaches. Unusually hardy, resists excessive cold; a sure cropper after severe winters and heavy frosts. Medium to large in size, ripens almost four weeks ahead of Elberta, considered one of the best early ripening varieties. Fine flavor, yellow freestone.

BELLE OF GEORGIA. A Popular White Peach. Large, attractive, white Peach with red cheek. Delicious flavor; one of the best market varieties. Very hardy, easy to grow. Belle ripens midseason; large size, freestone. The best white Peach of its season.

HALE-HAVEN. A Premium Peach for Every Commercial Orchard. Ripens Two Weeks before Elberta. This marvelous new Peach, an introduction of the Michigan State Experiment Station, is a cross between the famous South Haven and J. H. Hale. Extremely high color before ripening; withstands cold temperatures; very hardy; heavy bearer. Perfect freestone; yellow fleshed.

J. H. HALE. Here's Real Quality in Peaches! Freestone. The skin is deep crimson, smooth, tight, almost without fuzz. Fruit is large, round, firm, golden yellow, sweet and melting; quality excellent. Ripens just before Elberta. A very good one!

RIO OSO GEM. Popular, Large, Colorful, Freestone Peach. An excellent late yellow freestone Peach, ripening about a week after Elberta. Fruit large in size with brilliant red color. The flesh is firm and fine textured, with excellent flavor. Because of its firmness of flesh, it is particularly recommended for freezing, canning, etc.

KIMBO

PLANT PAT.
No. 1647

The ULTIMATE in All You Desire in a Peach!

Order Now—Enjoy All These New Features

This sensational new Peach really has quality. A kind of quality that will skyrocket the name KIMBO to the top of every fruit grower's preferred list.

In our opinion this variety is destined to become one of the favorites for commercial use and therefore is worthy of a place in the home garden.

KIMBO bears very large, uniform and juicy Peaches. The flesh is deep yellow covered with thin skin of light yellow combined with purplish red splashes. A late freestone variety that begins ripening about ten days after Elberta begins to ripen, a time when the fruit is appreciated.

Productivity is extremely heavy and fruit hangs almost as tightly in the soft ripe stage as when firm ripe. Just try it—we know it will please you. The exposed part of the Peach carries an unbelievable deep purple-red brilliance catching the eye and, best of all, the market's top dollar.

The New Superior PEACH

Here Are KIMBO'S Superior Advantages

- Unusual reddish purple brilliance.
- Large size, delicious, juicy fruit.
- Fruit holds well when soft ripe.
- Excellent resistance to brown rot.

Montmorency

LARGE MONTMORENCY

(Sour) The Leading Pie Cherry

These select record-breaking Montmorency trees develop into uniform, shapely specimens bearing heavy crops of very large fruit.

Fruit large, firm, ships perfectly. Bears very young, produces tremendous money-making crops and is successful everywhere.

Fruit Growers Consider This the Finest Pie Cherry In Cultivation

Because of its distinctive snappy flavor, delightful in pies and preserves.

CHERRIES

Outstanding SWEET CHERRIES

For best pollination results, be sure to plant two varieties.

GOVERNOR WOOD. Light yellow with red cheek; tender, rich, delicious; very fine; large, roundish, June.

NAPOLEON. Light lemon-yellow, tinged with red. Late June.

YELLOW SPANISH. Ripens early in June. Fruit large, color yellow. Tree vigorous grower.

Buntings' Peonies will develop into nice plants quickly. They are first-class root divisions taken from healthy plants.

Karl Rosenfield. (Illustrated.) Brilliant velvety crimson. Blooms midseason.

Edulis Superba. (Illustrated.) Bright clear mauve-pink. Early blooming.

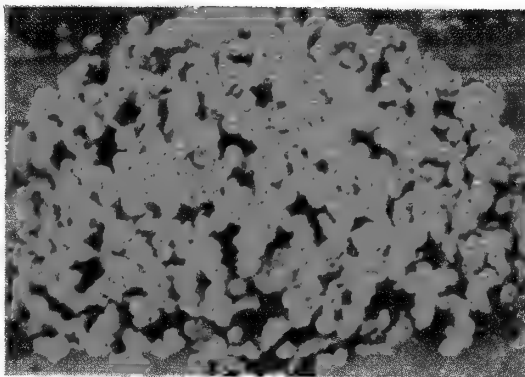

Festiva Maxima. (Illustrated.) Pure white flecked with crimson. Blooms early.

Felix Crousse. Beautiful brilliant ruby-red. Midseason.

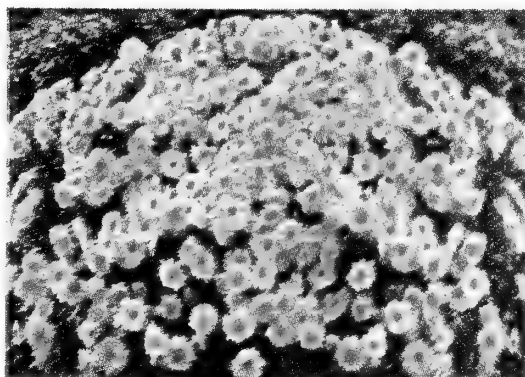

Price: \$1.15 each; 3 for \$3.00;
6 for \$5.40.

PEONY COLLECTION OF 8

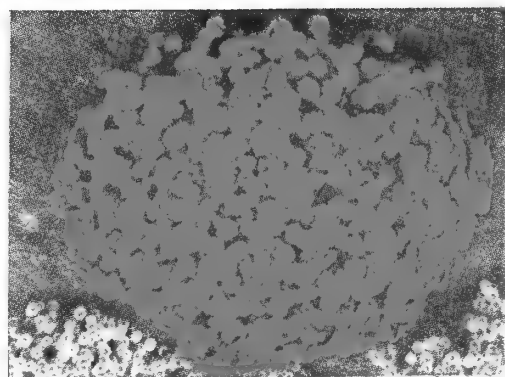

Two each of the Four Varieties for ONLY \$6.50

Red Cushion Mum

Pink Cushion Mum

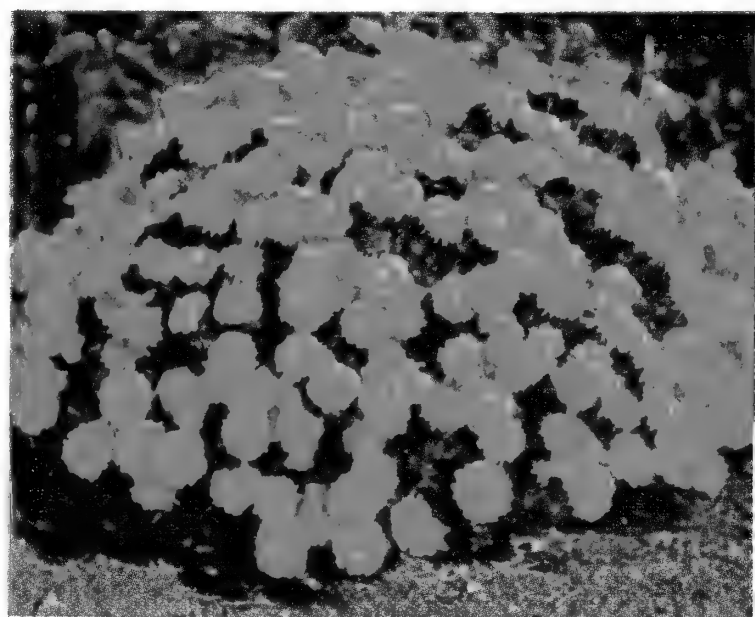

Yellow Cushion Mum

Buntings' Finest **CUSHION MUMS**

These hardy Mums literally produce blooms by the bushels. They can give you the brilliant color so necessary for complete landscaping and can be used as a border for walks, group plantings in beds and also in your foundation plantings. Make your yard a show place in late summer when good color is really appreciated. The roots you will receive from us are loaded with eyes which develop larger plants more quickly.

Four colors available—Red, Yellow, Pink and Bronze. Price: 3 for \$1.40; 6 for \$2.25; 12 for the special price of \$4.25.

Bronze Cushion Mum

TROLLIUS

A buttercup-yellow blended slightly with orange is the color scheme of this beauty. Flowers are about 2 inches across and excellent for cutting. Price: \$1.00 each; 3 for \$2.50.

PHLOX COLLECTION

1 Each of
4 PHLOX

All 4 for \$1.80

Trollius

Buntings' Superior PHLOX

Immense flower heads are carried on straight, strong stems, from midsummer to autumn. The plants we send you bloomed in our fields last summer. They will bloom for you this summer and for years to come. Hardy, strong growers, producing dazzling color year after year. Colors: white, pink, red and violet-blue. Price: 3 for \$1.50.

Buntings' EVERGREENS, Broadleaved

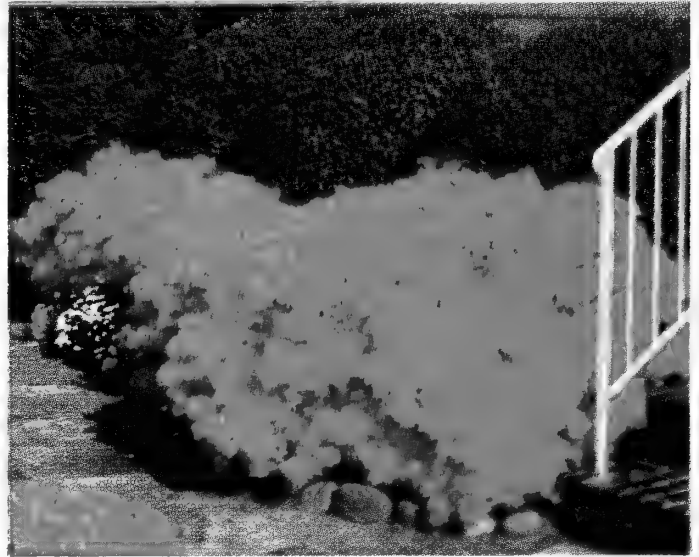

Abelia Grandiflora

**For Permanent
Planting**
**EXTRA HEAVY, 3-YR.,
FIELD-GROWN
PLANTS**

ABELIA GRANDIFLORA

One of the most beautiful and useful of all flowering broadleaves. Glossy foliage which is evergreen in areas where temperature does not drop below zero. Grows to a height of about 5 to 6 feet, making it ideal for foundation planting; also used for hedges and shrub borders. Small, light pink, tubular blossoms appear in July and continue until frost. **Price: 18 to 24 in., \$1.75 each.**

Azalea Hinodegiri

AZALEA HINODEGIRI

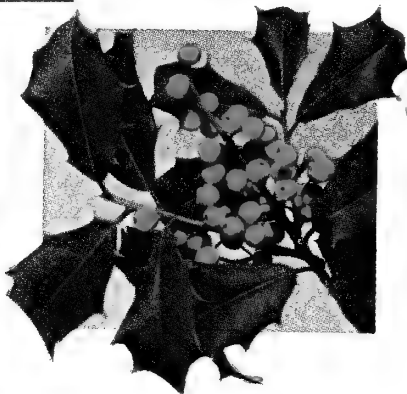

The most widely planted and, of course, the most popular of all evergreen Azaleas. Its attractive deep green foliage and bright scarlet blooms add the finishing touch when used between other evergreens in a foundation planting around your home.

AZALEA, SNOW

Another evergreen Azalea of pure white that gives a lovely contrast against the deep green leaves.

Prices: All varieties, 6 to 8 in. well shaped plants, \$1.85 each; 2 for \$3.40.

DWARF ENGLISH BOXWOOD

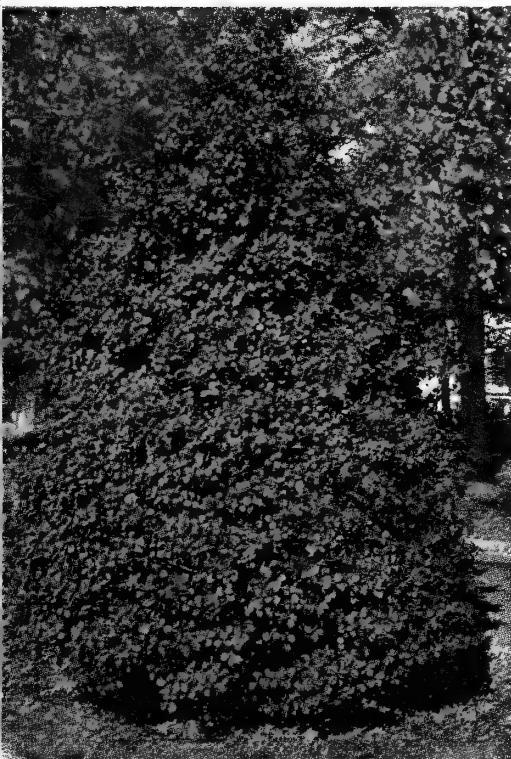

This is the round-leaved, slow-growing, compact Boxwood frequently found on old estates along the East Coast. Specimens over one hundred years old are still the pride of many of the famous gardens. **Price: 6 to 8 in., \$1.25 each.**

Boxwood

Now—The Ever Favorite AMERICAN HOLLY

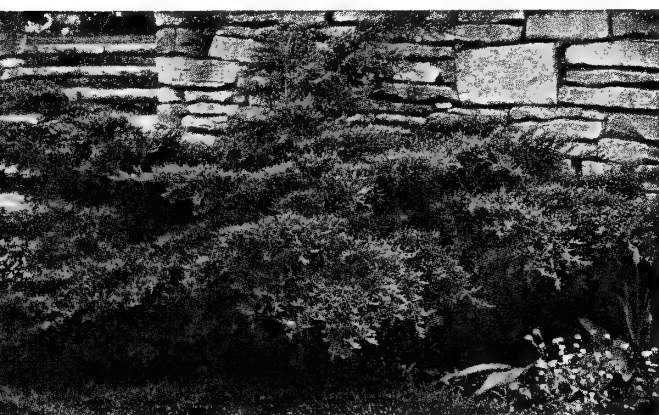

The familiar Christmas Holly. Very attractive, dark green, spined leaves throughout the year; the red berries are formed in clusters in late fall and hang on throughout most of the winter months. A slow growing pyramid-shaped tree, excellent for lawn planting. **Price: 12 to 18 in., \$2.00 each.**

American Holly

THE POPULAR JUNIPER

PFITZER JUNIPER. Broad, bushy, with gray-green branches. The most popular of the spreading Junipers. **Price: 12 to 15 in., \$2.00 each.**

Pfitzer Juniper

TWO FAMOUS ARBOR-VITAE

The very popular Pyramidal, 15-18 in. grade, and the formal Globe, 10-12 in. grade, an excellent combination for a doorway planting. **Especially priced at \$4.00.**

GLOBE ARBOR-VITAE. Very dwarf in growth, round or globe shaped; foliage dark green. Does not require shearing. **Price: 8 to 10 in., \$2.00 each.**

PYRAMIDAL ARBOR-VITAE. Tall, slender, dense dark green foliage. The best Arbor-Vitae grown. **Price: 15 to 18 in., \$2.50 each.**

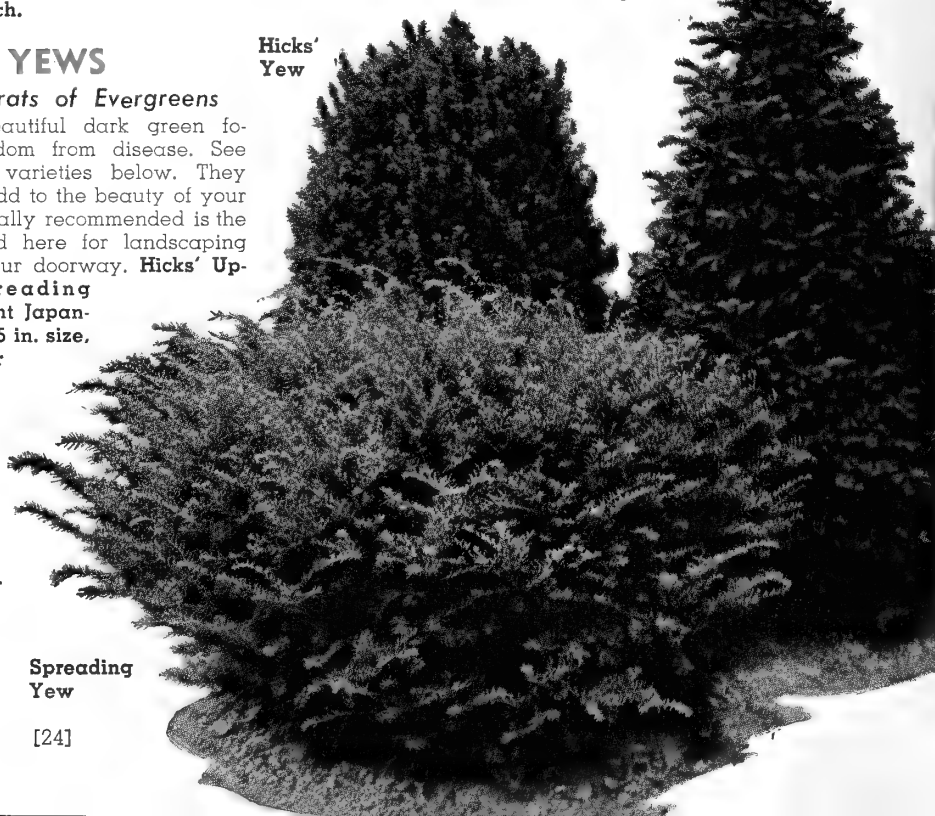

3 YEWS

The Aristocrats of Evergreens

Noted for beautiful dark green foliage and freedom from disease. See illustrations of varieties below. They will definitely add to the beauty of your planting. Especially recommended is the group illustrated here for landscaping each side of your doorway. **Hicks' Upright Yew, Spreading Yew and Upright Japanese Yew, 12 to 15 in. size, \$2.75 each; 2 for \$5.35.**

Buntings' LAWN TREES

Clump Birch

3 IN 1 CLUMP BIRCH

Another fine tree of unusual character. Has white bark like the regular Cut-Leaf Birch, plus the added attraction of 3 trunks. A graceful and most effective tree for specimen planting. Maturity height of about 30 feet. 4 to 5 ft. plants, \$4.85 each.

CUT-LEAF WEeping BIRCH

(Not Illustrated)

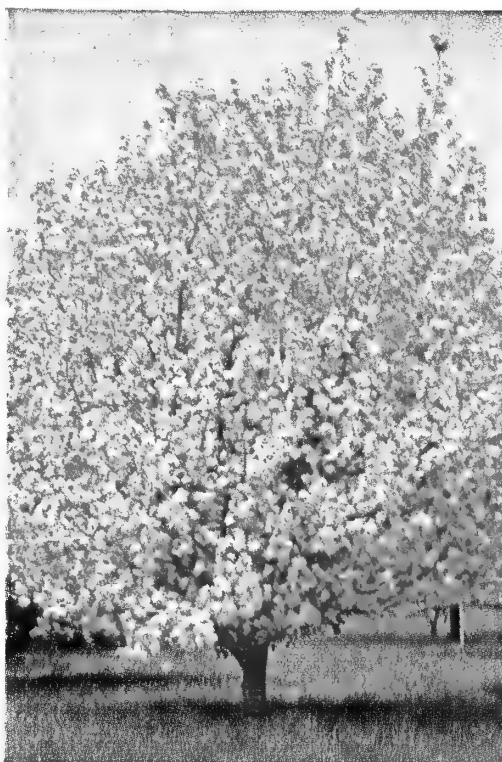

Distinguished for its white bark, light green leaves which are finely cut, and its long, drooping branches. Price: 6 to 8 ft., \$6.50 each.

Hopa Flowering Crab

HOPA FLOWERING CRAB

A handsome ornamental tree. Masses of bright red flower clusters are produced in early spring, followed by red fruits in autumn. Price: 5 to 6 ft., \$2.75 each.

Eleyi Flowering Crab

The Favorite of Millions ELEYI FLOWERING CRAB

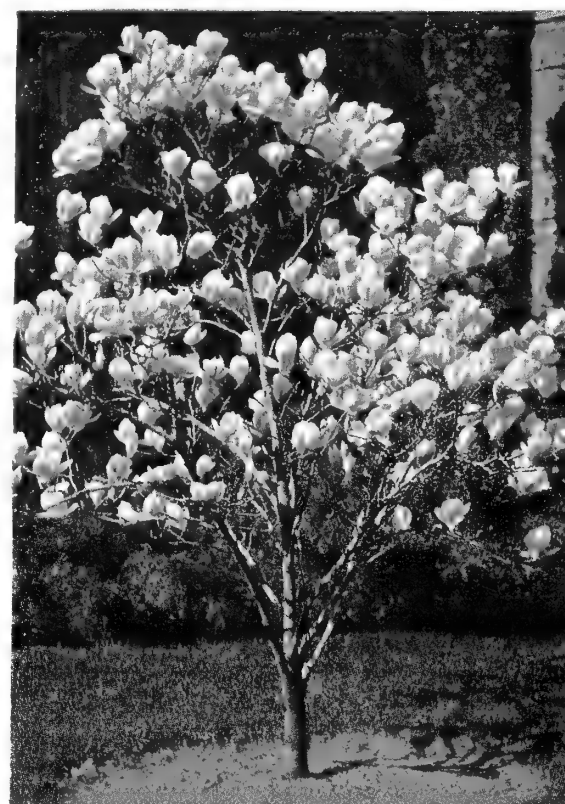

Attractive red foliage in spring. Smothered with large reddish pink flower clusters during flowering period, and followed by conspicuous brilliant scarlet fruit that is excellent for jelly. Very showy. Price: 5 to 6 ft., \$2.75 each.

LOMBARDY POPLAR

A tall spire-like tree. Effective for screens and vertical accents.

	Each	10	50
3 to 4 ft.	\$0.60	\$5.50	\$25.00
4 to 5 ft.75	7.00	32.50

Lombardy Poplar

Japanese Magnolia

JAPANESE MAGNOLIA

Deciduous trees, growing 12 to 15 feet in height, branched from the ground. Tulip-like flowers produced in early spring ahead of the foliage. Ideal for use as specimens for lawn planting. Your choice of varieties: *Soulangeana*, pink flowers; or *Liliflora Nigra*, with flowers that are rose-purple outside and white within. 18-24 in. plants, \$2.50 each. SPECIAL PURCHASE: 2 plants of either color, only \$4.45.

DOUBLE FLOWERING PEACH

A colorful tree for the spring garden, bursting into blossom two weeks ahead of Dogwoods. Double, long lasting, Rose-like flowers cover the twigs, remaining on for 10 days or more. Your choice of colors: red, white and pink. Price: 4 to 5 ft., \$2.25 each.

Double Flowering Peach

Crimson King Maple

Sunburst Locust

SUNBURST LOCUST

This new shade tree has beautiful golden bronze color on 6 to 8 inches of its branch tips. It appears to be blooming all summer. Height at maturity of 25 to 35 feet. Plant one now and enjoy its distinct beauty in your yard. **Price:** 6 to 8 ft., \$7.95 each.

KWANZAN CHERRY

Double dark pink blossoms in early spring. Upright, strong growers, frequently blooming the first season after being transplanted. Blossoms large, full, covering the stems. **Price:** 4 to 5 ft., \$4.00 each.

WEeping CHERRY

Weeping form of the popular Double Flowering Cherry. Has slender, pendulous branches hanging nearly to the ground. In early May the branches are strung with showy rose-pink flowers. **Prices:** 2-year heads, 5-6 ft. stems, \$8.00 each.

2 Great MAPLE TREES

CRIMSON KING MAPLE

(Patent No. 735.) Undoubtedly the very best of all red or deep purple foliated Maples. In the spring Crimson King bursts forth with this beautiful foliage, and the brilliant color is maintained in the leaves until autumn; it glistens in the sun. Truly the King of all Maples. Hardy, well shaped tree. **Price:** 5 to 6 ft., \$5.95 each.

NORWAY MAPLE

Especially suited for street planting and on the grounds of small homes. Symmetrical, dense, round-headed tree. As it makes only a medium size tree, can be used where space does not permit larger growing types. **Prices:** 6 to 8 ft., \$5.50 each; 8 to 10 ft., \$6.50 each.

European Mountain Ash

EUROPEAN MOUNTAIN ASH

A very attractive, small, hardy tree which bears clusters of scarlet berries from July to winter. **Price:** 6 to 8 ft., \$5.00 each.

Kwanzan Cherry

Norway Maple

Silver Maple

SILVER MAPLE

Especially popular because of being a fast grower. Light green foliage, silvery underneath. Excellent for broad streets and large home grounds and useful in public parks. **Prices:** 6 to 8 ft., \$3.25 each; 8 to 10 ft., \$4.25 each.

VARIETIES NOT ILLUSTRATED

MIMOSA (Silk Tree)

Acacia-like foliage. Low, flat-topped tree, almost umbrella-like. Feathery, fragrant pink blossoms in summer. **Price:** 5 to 6 ft., \$4.00 each.

RUBY TREE - Purple-Leaf Plum

A profusion of blooms in May. Deep bronzy purple foliage through spring months, lighter in color during summer, but attaining brilliant color again in the fall. **Price:** 4 to 5 ft., \$2.60 each.

The Graceful, Cheery **DOGWOODS**

The Dogwoods are probably the most loved of all the flowering trees. They not only provide excellent color in May but the brilliance of their rich red berries highlight the fall season. Yes, these trees give you color in both bloom and berries to say nothing of the leaves which change from green to brilliant crimson in the autumn. Get them started in your yard and enjoy them for many years to come.

Pink Flowering Dogwood.

The blooms are pinkish red creating a pleasing contrast of the two colors. **Price: 2 to 3 ft. trees, \$3.75.**

White Flowering Dogwood.

A cloud of white flowers in May plus red berries and crimson leaves in fall. A pleasing contrast with other green foliage. **Price: 3 to 4 ft., \$2.75.**

**Cherokee Chief
Red Dogwood**

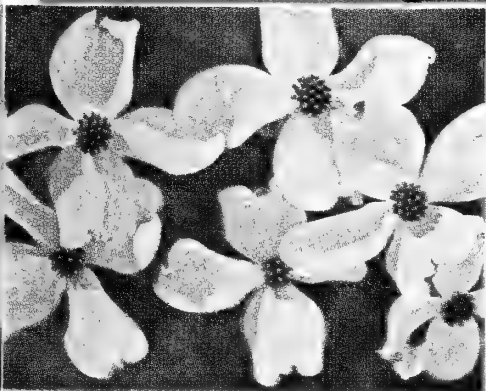

CHEROKEE CHIEF

(Plant Pat. No. 1710.) Now a truly deep beautiful red color has been found in a Flowering Dogwood. New growth is also bright red, much more than the regular pink flowering type. An excellent grower having all other fine characteristics that have made Dogwoods famous. **Price: 2 to 3 ft., \$4.50.**

Pink Dogwood

White Dogwood

Plant *Buntings'* VINES

CLEMATIS, LARGE FLOWERING

Very popular. Profusion of large flowers during summer and autumn. Varieties: **Andre** (red); **Henryi** (white); **Jackmani** (purple); **Ramona** (blue). **Price: 2-yr. vines, \$1.50 each.**

CLEMATIS PANICULATA

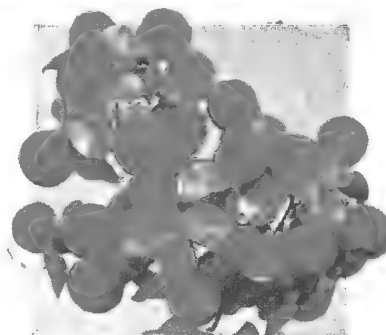

Flowers snow-white entire summer and autumn. **Price: 2-yr. vines, \$1.00 each.**

AMERICAN BITTERSWEET (*Celastrus scandens*). Light green glossy foliage; large clusters of orange-scarlet berries retained throughout the winter. **Price: 2-yr. vines, \$1.00 each.**

GOLDFLAME HONEYSUCKLE. Blooms all summer. Showy tubular flowers, flamed outside, bright yellow inside, borne in clusters. Delightfully fragrant. **Price: 2-yr. vines, \$1.00 each.**

TRUMPET VINE (*Bignonia radicans*). Orange flowers in midsummer. **Price: 2-yr. vines, \$1.00 each.**

Bittersweet

Clematis Jackmani

Clematis Paniculata

BOSTON IVY (*Ampelopsis veitchii*). Grows very dense. Foliage green, very healthy. **Price: 2-yr. vines, \$1.00 each.**

Boston Ivy

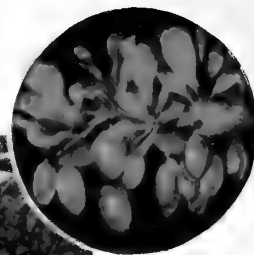

HALL'S HONEYSUCKLE. White flowers from May until November. **Price: 2-yr. vines, \$1.00 each.**

PURPLE WISTERIA. Purple blooms in great profusion during spring. Fine for porches and trellises. **Price: Strong, 2-yr. vines, \$1.50 each.**

Wisteria

Buntings' Protective Hedge Plants

RED-LEAF BARBERRY

Same as the popular, hardy-as-an-Oak Green-Leaf Barberry, except the foliage is deep red in the spring and deep purple during the summer months. Popular for planting in clumps, hedges, as well as in foundation plantings.

	10	100
2-yr., 9 to 12 in.	\$4.00	\$30.00
2-yr., 12 to 18 in.	4.50	35.00

GREEN-LEAF BARBERRY

Well known; needs little description. Dark green leaves turn red and yellow in the fall. Thorny bush makes good hedge or specimen plants. Graceful, drooping branches are loaded late in summer with bright red berries that hang on most of the winter.

	10	100
2-yr., 12 to 15 in. ..	\$3.50	\$25.00
3-yr., 18 to 24 in.,		
heavy transplants	6.00	50.00

MULTIFLORA ROSE

Bull Strong, Hog Tight, Horse High
(*Rosa multiflora japonica*). Fast becoming one of America's most popular "living fences" on the American farm. Produces an impregnable barrier for all livestock within 3 or 4 years. Its density provides a valuable wind-break. Its tight, stock-holding mat of thorns provides an excellent game refuge for wildlife cover, and adds beauty to the farm, producing white blooms profusely in early spring followed with red berries in the fall and winter. See illustration at right. **Prices:** 9 to 12 in. plants, 25 for \$2.25; 50 for \$4.00; 100 for \$7.50; 1000 for \$70.00.

Multiflora Rose

Spirea van Houttei makes a strong protective hedge

SPIREA VAN HOUTTEI (Bridal Wreath)

Beautiful hedge with masses of white flowers in early spring. Grows 6 to 8 feet high. Plant 12 to 18 inches apart. **Prices:** 12-18 in., hedge grade, 10 for \$3.50; 25 for \$7.50; 100 for \$25.00. 18-24 in., hedge grade, 10 for \$4.00; 25 for \$8.75; 100 for \$30.00.

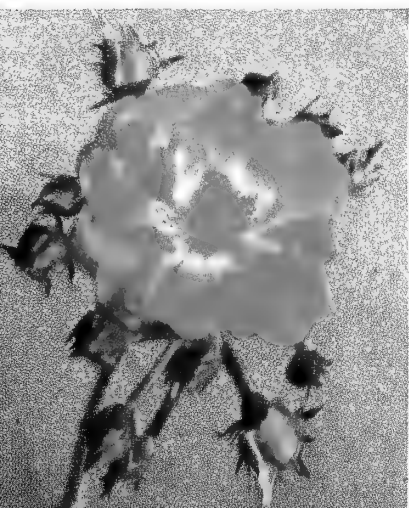

Regel Privet

REGEL PRIVET

A low, spreading shrub, prized for its horizontal branching and for its dense foliage which turns to a purple-bronze in the fall. Blooms in June with small lateral clusters of white flowers, followed by little blue-black berries which look like small bunches of miniature Grapes. **Price:** 12 to 18 in., 75c each; 10 for \$7.00; 25 for \$16.25.

AMUR RIVER NORTH PRIVET

Foliage small and attractive. Vigorous and very compact grower. Extremely hardy and will stand the low temperatures of the northern states. Particularly recommended for planting in sections where the temperature drops to zero or below.

A New, Quick Growing English Type Hedge Rose, ROBIN HOOD

A beautiful Musk Rose hybrid for use at hard-to-plant locations, or for use to plant undesirable areas. Excellent as a hedge. Dense, compact plants produce an abundance of healthy, deep green foliage that is completely covered with clusters of brilliant cherry-red flowers. Continues to bloom all summer and fall. A very hardy plant that has withstood temperatures of below zero. The plants pictured are 3 years old and show the vigorous growth and fine blooms. **Prices:** 5 for \$4.50; 10 for \$8.00; 25 for \$17.50; 50 for \$32.50; 100 for \$60.00.

CALIFORNIA PRIVET

America's leading hedge plant. Its foliage is of the deepest, richest shade of green and stays on until late winter. Very hardy; easily and quickly pruned.

Hedge Rose, Robin Hood

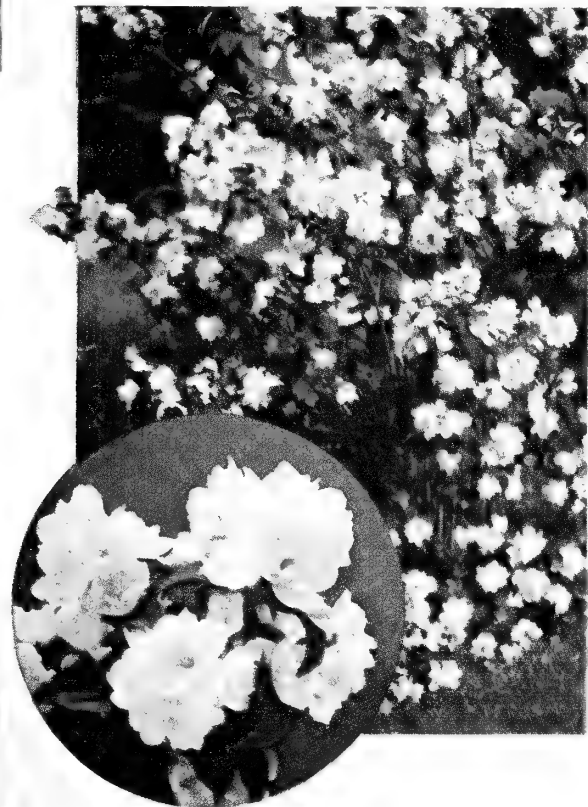

Althea

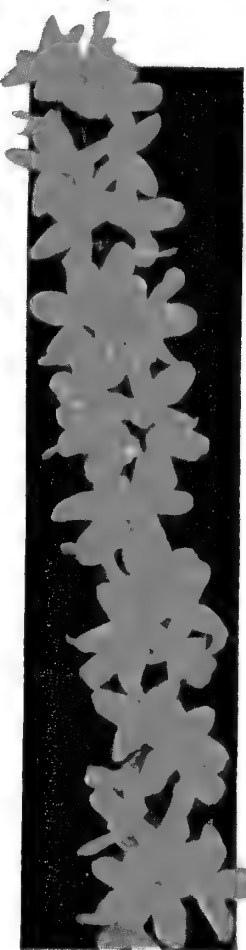

ALTHEA (Rose of Sharon)

Upright, very hardy. Color spot of the fall. Begins blooming in early summer and continues through the fall months. Your choice of red, white, pink or blue. **Prices:** 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

ENCHANTMENT MOCKORANGE

(Double.) Produces profuse, long, thick panicles of double white flowers on erect branches in early spring. Sweetly fragrant. Very hardy. **Price:** 2 to 3 ft., \$1.25 each.

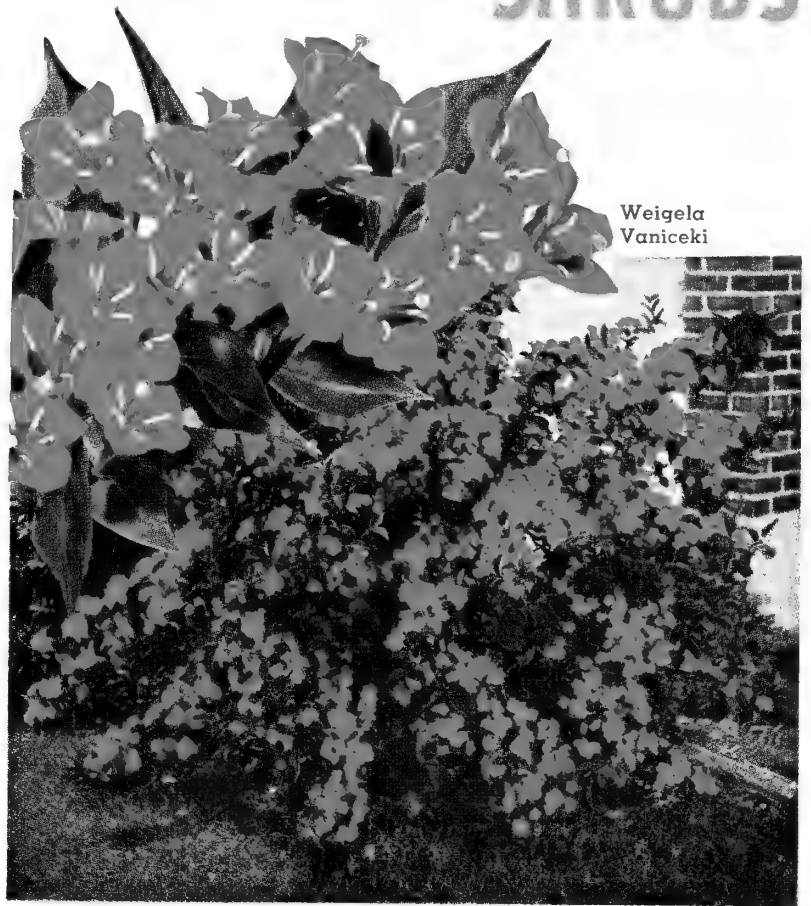

New Forsythia, BEATRIX FARRAND

A spectacular new Forsythia originated at the Arnold Arboretum by Dr. Karl Sax. An extremely vigorous grower, making a large symmetrical bush. Deep, golden yellow flowers are over two inches in diameter, and have striking orange markings in the throat. **Price:** 2-3 ft. plants, \$1.95 each; 2 for \$3.60.

KERRIA

A rather tall, erect growing shrub bearing bright yellow, double flowers throughout the summer. **Price:** 18 to 24 in., \$1.50 each.

Buntings' Flowering SHRUBS

Weigela Vaniceki

WEIGELA VANICEKI

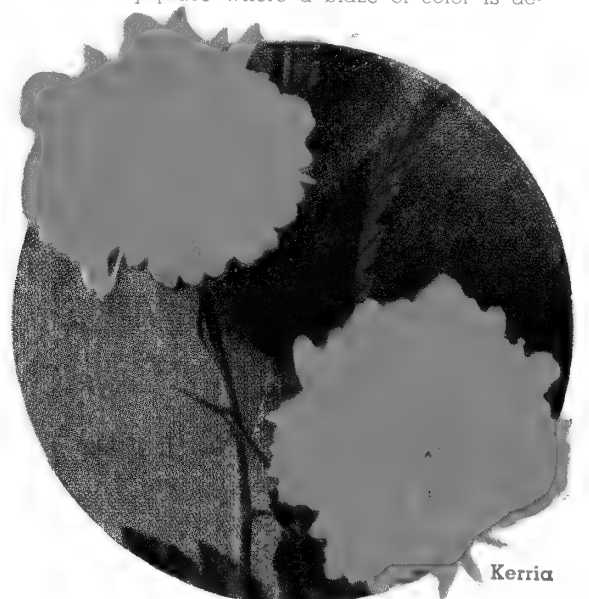

Vigorous growing red Weigela similar in flower and foliage to Eva Rathke. One of the finest red Weigelas. Blooms heavily in the spring, and again there is a fine showing of bloom in late summer and autumn. **Prices:** 1½ to 2 ft., \$1.25 each; 2 to 3 ft., \$1.50 each.

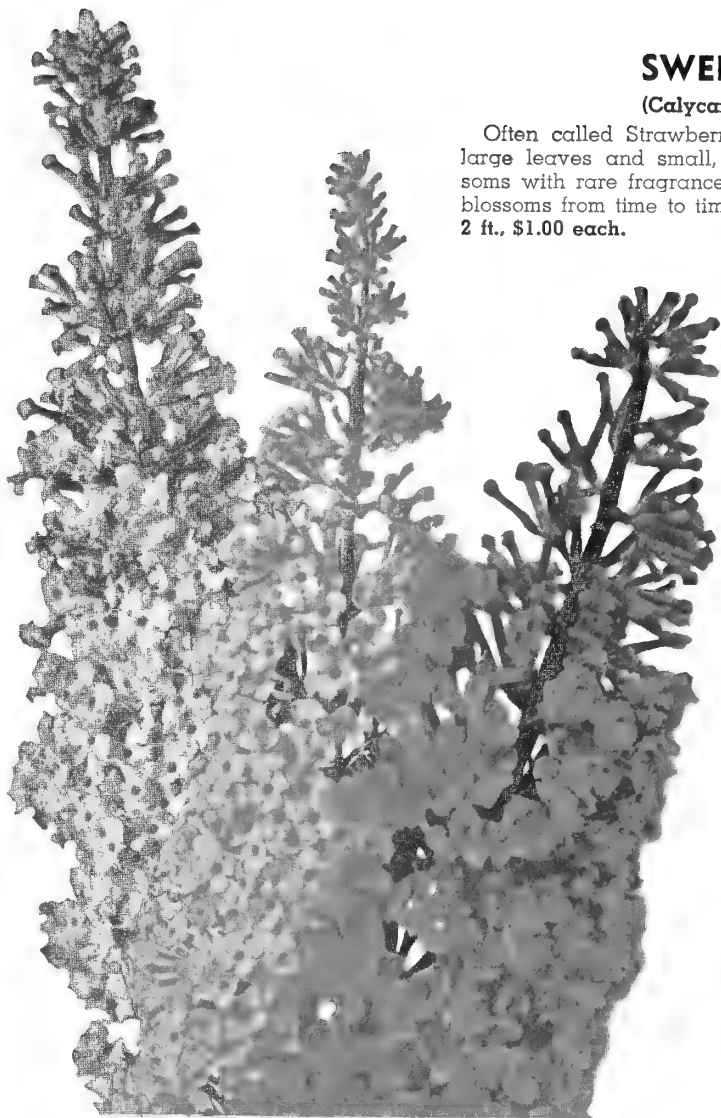

Beauty Bush

BEAUTYBUSH (Kolkwitzia amabilis)

Completely covered with beautiful cameo-pink flowers during June and July. Acclaimed as the most beautiful flowering shrub. Ideal for planting on the lawn, in the shrub border or any place where a blaze of color is desired. **Prices:** 1½ to 2 ft., \$1.25 each; 2 to 3 ft., \$1.50 each.

Kerria

Ile de France—Charming—Dubonnet

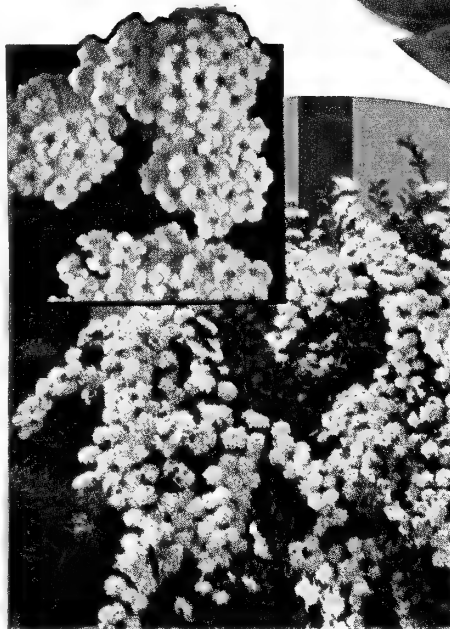

SWEET SHRUB

(*Calycanthus floridus*)

Often called Strawberry Shrub. Neat, compact, with large leaves and small, double, dark mahogany blossoms with rare fragrance. Blooms May-June with a few blossoms from time to time during summer. Price: 1½ to 2 ft., \$1.00 each.

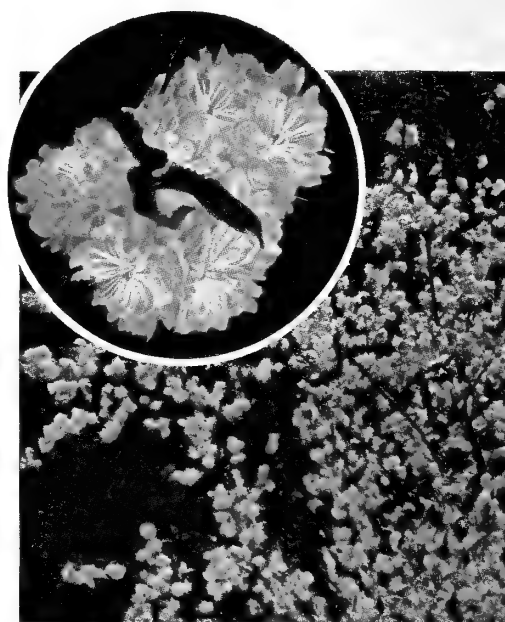

Calycanthus

Spirea Van Houtte

SPIREA VAN HOUTTE

A medium sized shrub covered in late May and June with pure white flowers. Foliage is dark green and fine textured. A plant with many uses, this is a well known, popular shrub. Prices: 18 to 24 in., 90c each; 2 to 3 ft., \$1.15 each.

BUDDLEIA

(Butterfly Bush)

Blooms early summer to late fall. Medium height. Weeks of colorful bloom in panicles up to 18 inches long. Fragrance attracts butterflies, giving it the name commonly used.

ILE DE FRANCE. Purplish blue.

CHARMING. Long panicles of pink.

DUBONNET. A dark wine-dubonnet.

Prices: Choice of varieties, 18 to 24 in., 85c each; 2 to 3 ft., \$1.00 each.

CORALBERRY or INDIAN CURRANT

A dwarf shrub which thrives in the shade. The coral colored berries last until late winter, and are produced profusely. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

Coralberry

ALMOND, PINK FLOWERING

A beautiful small shrub, bearing an abundance of small, double, rose-like flowers, closely set upon twigs, before the leaves appear in early spring. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

Buntings' Best Landscaping SHRUBS

FOR MODERN LANDSCAPING

Hydrangea Otaksa

HYDRANGEA OTAKSA

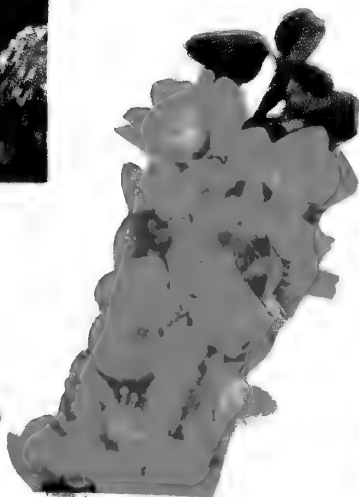

Large blue or pink blooms in mid-summer (color depending upon soil acidity); either color most attractive. Low-growing plant, popularized by the extensive plantings at Atlantic City, N. J. **Price: Strong, 3-yr. plants, \$1.75 each.**

GRAPE MYRTLE
A tall shrub in much demand. A beauty when in bloom during July and August. It is late to start growth in spring, especially after being transplanted. Plenty of water should be used at planting time. Colors: red and pink. **Price: 2 to 3 ft., \$1.75 each. SPRING PLANTING ONLY**

Crape Myrtle

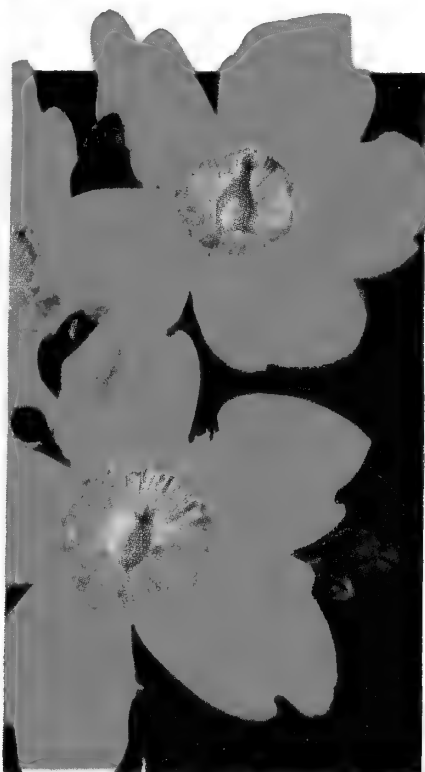

Flowering Quince

FLOWERING QUINCE

The popular Cydonia. Literally covered with brilliant double scarlet blooms in early spring. **Prices: 18 to 24 in., \$1.00 each; 2 to 3 ft., \$1.25 each.**

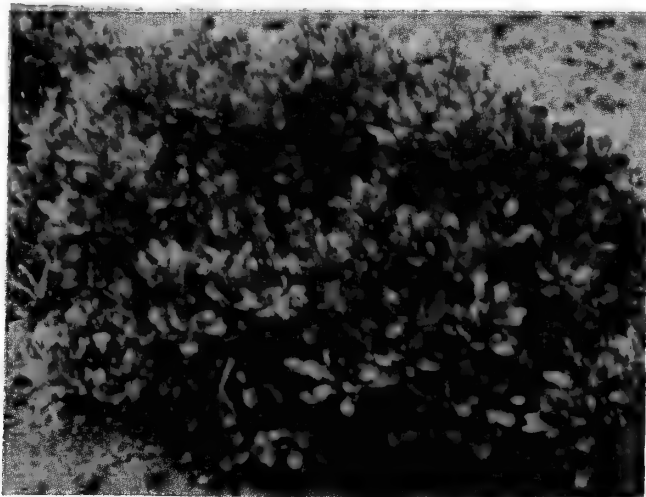

Hypericum

HYPERICUM, HIDCOTE

Grows into a twiggy shrub about 18 inches tall and about the same diameter. Throughout the summer it is covered with bright yellow, cup-like flowers about two inches in diameter. During severe winters it sometimes freezes back to the ground, but this doesn't matter because it springs up from the base, producing each summer its masses of blooms. A fine low-growing plant for the foreground in any planting. Flowers are fragrant and appear in late June, continuing until mid-October. **Price: 2-yr. plants, \$1.75 each.**

The Improved Low Growing PYGMY RED BARBERRY

From Holland came this miniature form of the Red-Leaved Barberry. Mature plants, unpruned, measure about 20 inches in diameter and 8 inches in height. Makes a fine showing in front of any shrub planting. Plant in full sunlight. **Price: 2-year plants, \$2.00 each.**

Red-Leaf Barberry

(Plant Pat. 1739)

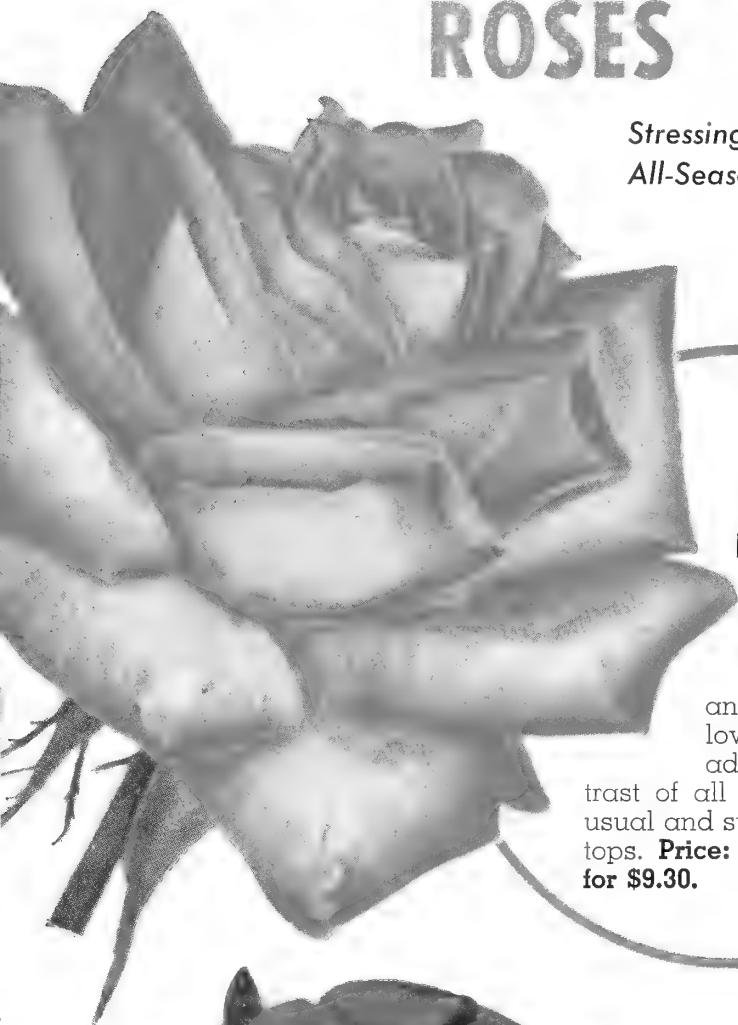

Beautiful BLUE BIRD BLUE BIRD ALTHEA

(Plant Pat. No. 1739)

We are sure you will welcome this newcomer to your selection of colorful, all summer flowering shrubs. Its large, 5-inch blooms will give additional beauty. The foliage is also attractive and very vigorous in growth. **Price: 15 to 18 in., \$2.75 each.**

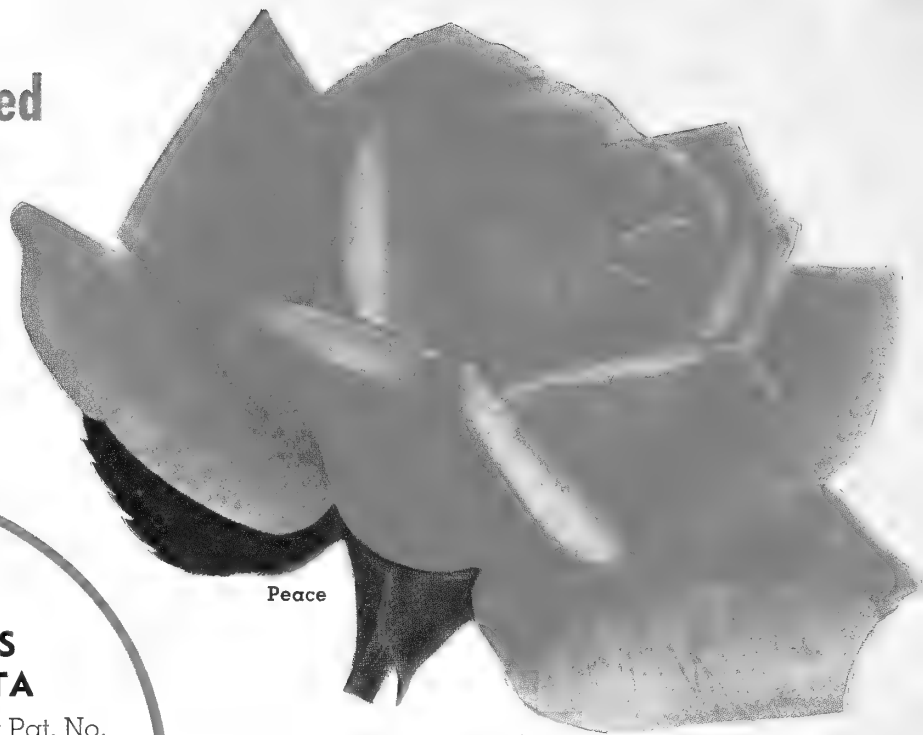

The Best in Hybrid Tea Patented ROSES

*Stressing Unusual
All-Season Colors*

KORDES PERFECTA

(Plant Pat. No. 1604). What color is it? Yes, it's Red and White and Yellow. And we might add a pleasing contrast of all these. For unusual and superb color it's tops. **Price: \$3.50 each; 3 for \$9.30.**

Peace

PEACE

(Plant Pat. No. 591)

This Rose is now blooming in millions of gardens of the world. Buds are golden yellow, etched with pink. As they open they change from canary-yellow to cream, with petals edged pink. **Price: \$2.50 each; 3 for \$6.60.**

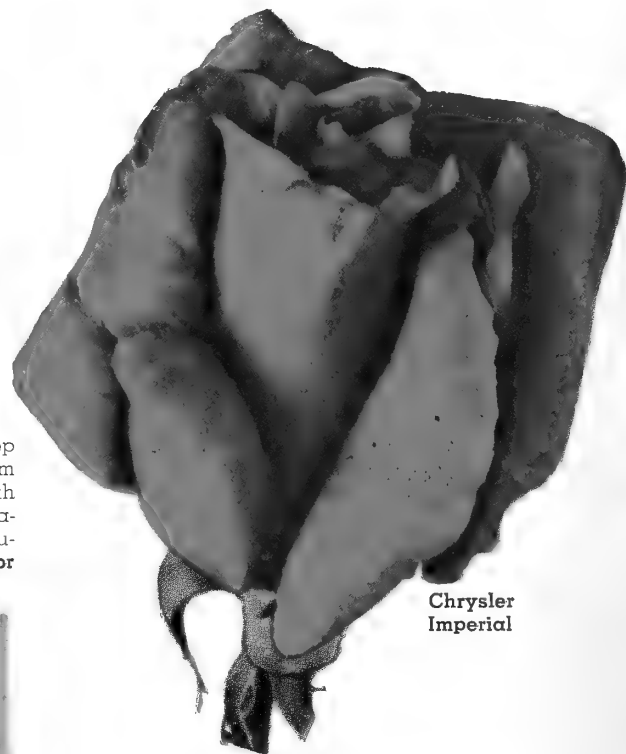

Mirandy

CHRYSLER IMPERIAL

(Plant Pat. No. 1167.) Velvety maroon-red buds, opening to large, brilliant red flowers. The blooms are remarkably large and perfectly formed. **Price: \$2.50 each; 3 for \$6.60.**

MIRANDY

(Plant Pat. No. 632.) Huge, deep crimson flowers open slowly from long-pointed buds; filled with rich, penetrating damask fragrance. Blooms almost continuously. **Prices: \$2.25 each; 3 for \$6.00.**

COMPLETE ROSE GARDEN \$9.25

All varieties listed on this page.

All hardy, 2-yr., No. 1, field-grown plants. Everblooming. Will bloom in your garden this year. **Prices:** \$1.35 each; 3 for \$3.90; 6 for \$7.45.

MINIATURE ROSES

Miniature Roses are permanently tiny, hardy outdoor plants, as hardy as regular HT garden Roses. They should not be confused with Polyantha Roses. These Miniatures grow only about 6 to 12 inches high, with blooms the size of a 5 or 10-cent piece when fully open. The plants are everblooming.

RED IMP

(Plant Pat. No. 1032)

Red Imp's color is a deep, rich crimson that is amazing in its brightness. It is an unfading, even color, almost never showing any lighter markings anywhere. Even the stamens in the center are rarely seen, as it is fully, solidly double right to the center, (45 to 60 petals.) Plants grow about 9 inches high, compact and well branched. The largest blooms are not more than 1 inch across. Buds and blooms are of fine Hybrid Tea Form, set off by dainty, excellent foliage. **Price: \$1.25 each; 3 for \$3.30.**

Red Imp

PIXIE

(Plant Pat. No. 408)

This is the world's tiniest, fully double white Rose, for 40 or more tiny petals are marvelously packed in each little bloom. The full-blown blooms often have a faint tint of pink which adds to their charm. When cool weather comes both buds and open flowers show tints of pink. The tiny buds, perfectly formed, keep coming almost continuously on healthy, dwarf, compact plants with profuse, tiny, lace-like leaves. **Price: \$1.25 each; 3 for \$3.30.**

Pixie

BABY GOLD STAR

(Plant Pat. No. 407)

Golden yellow. The plant and flowers are a little larger than the other Miniatures. Its outstanding feature is that it is the only yellow Miniature Rose. The buds are double and it opens into a perfectly formed flower of about 40 petals. It has a slight tea fragrance. **Price: \$1.25 each; 3 for \$3.30.**

Tinker Bell

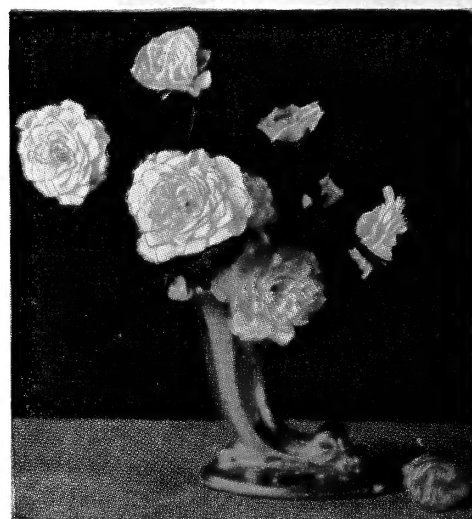

Baby Gold Star

TINKER BELL

(Plant Pat. No. 1293)

Bright, vivid pink in both bud and bloom. Blooms are very double with 55 to 65 petals, though only 1½ inches across when fully open. The blooms have a fascinating chalice-like form, a deep cup above the stem and spreading out flat at the top, like a broad-lipped, inverted bell. It makes a bushy, upright plant with heavy textured grass-green leaves. **Price: \$1.25 each; 3 for \$3.30.**

Sweet Fairy

MINIATURE ROSE GARDEN

Collection No. 360

1 Each of the Five Roses

ONLY \$4.95

Much Pleasure From Little Space

SWEET FAIRY

(Plant Pat. No. 748)

Dainty, deep pink buds open to charming, very double, 1-inch blooms of apple-blossom-pink. The tiny, dark green foliage makes a lovely foil for these exquisite, long-lasting, fragrant flowers. Blooms are held firmly erect on stems long enough to make them easy to arrange as cut flowers. They make striking miniature arrangements. Nearly always in bloom. **Price: \$1.25 each; 3 for \$3.30.**
